

Report to Cabinet

Subject: Nottinghamshire County Council Flooding (Drainage and Watercourses) Select Committee

Date: 7th August 2008

Author: The Scrutiny Officer

1. Purpose of the Report

To inform Cabinet Members on the findings and conclusions reported at Nottinghamshire County Council's Flooding Select Committee.

2. Background

Gedling Borough Council has been working collaboratively with Nottinghamshire County Council in their examination of the issues relating to flooding and the maintenance of drainage systems and watercourses within the Nottinghamshire County Council area (which includes Gedling Borough). Councillor M. Shepherd was nominated from the Policy Review Scrutiny Committee to represent Gedling Borough Council on the Nottinghamshire County Council Select Committee and has attended their designated Committee meetings (including a site visit to North Leverton) to help inform this review.

3. Proposal

That Cabinet Members read the report made by the Nottinghamshire County Council Flooding Select Committee. (Please see the final report attached at Appendix 1).

4. Recommendations

That Members note in particular the recommendations made that refer to Borough Councils and

- 1) determine their response to the review
- 2) request that the Direct Services Portfolio Holder respond to the recommendations within the report
