81 COUNCIL PLAN 2011/12 (INCLUDING GENERAL FUND REVENUE BUDGET AND SERVICE PLAN)

The Senior Management Team on behalf of the Leader of the Council submitted a report that presented the Council Plan 2011/12 (including General Fund Revenue Budget and Service Plan) for approval.

The Cabinet had made its final service plan and budget proposals after consideration of the comments made by the Policy Review Scrutiny Committee in respect of the draft service plan and budget. Details of statutory consultation undertaken was submitted in the report.

The final Budget and Service Plan proposals determined by Cabinet would be considered at the Council Budget meeting on 2 March 2011.

As in 2010/11, the Council Plan had been built around delivery of the five Borough priorities set out in the Sustainable Community Strategy, along with a further priority for Gedling to be a Top Performing Council, derived from the Council's agreed Operational Vision and Strategy. The Plan effectively represents the Borough Council's contribution to delivery of the Community Strategy themes. The Community Strategy Vision and Priorities were attached for reference at Appendix 1 to the report.

The Service Planning elements of the Council Plan were attached at Appendix 2. The report highlighted the main areas of budget variances and base budget reductions.

The report also summarised the proposed General Fund Budget for 2011/12. The detailed budgets were presented at Appendix 4. The major variances between the original estimate for 2010/11 and the estimate for 2011/12 were analysed by Portfolio at Appendix 5.

In light of the overall financial position and the need to reduce net revenue expenditure significantly in order to achieve a balanced budget over time, there was only one Revenue Resource Development included in the budget

proposal for 2010/11. The report also detailed the Medium Term Financial Plan (MTFP) and the Financial Risk Issues. In order to mitigate reduced grant/increasing costs, the base budget and MTFP included proposals for budget reductions and efficiency savings.

Amendments to the report to reflect recent announcements were reported.

After consideration it was: -
