### **3.0 Publication Version Aligned Core Strategy**

3.1 The Aligned Core Strategy has gone through a number of stages of consultation before reaching the Publication Version Core Strategy in June 2012. Extensive consultation with the public, infrastructure providers, businesses, developers, experts and other stakeholders was undertaken at key points of document development since 2009, as detailed in the Regulation 19 Statement of Consultation, published June 2012.

3.2 The Publication Version Aligned Core Strategy was made available for a period of 6 weeks, between 11<sup>th</sup> June and 23<sup>rd</sup> July 2012 to allow representations to be made. This gave the opportunity for the public stakeholders to submit formal representations to the Council giving their views on legal compliancy and ‘soundness’ of the Publication Version Aligned Core Strategy.

#### **4.0 Who was consulted?**

4.1 Gedling Borough consulted all Specific and General consultees as required by the regulations and also those persons or bodies on its consultee data base. The full list of organisations/people consulted is shown at Appendix A of this document..

4.2 Documents were published, put on the website and placed at locations across Broxtowe Borough, Gedling Borough and Nottingham City. Instructions as to how to make duly made representations, as well as all required supporting documentation, were provided online and at these locations so that members of the public and any other person or body could make representations whether directly invited to do so or not.

#### **5.0 How was the consultation undertaken?**

5.1 The adopted methodology and techniques for engagement were in accordance with the Gedling Borough’s adopted SCI and the regulations<sup>1</sup>

5.2 In addition to the published documents an information leaflet summarising the Aligned Core Strategies for Broxtowe, Gedling and Nottingham City was also produced and targeted at the general public in order to increase awareness and understanding. The methods used to publicise the Aligned Core Strategy are summarised below.

**Notification letters/ emails to stakeholders** (11th June 2012) – Notification letters and/or emails (as appropriate) were sent out to all those listed on the Gedling Borough Council’s consultation database and all Specific and General consultees. During June, an e-bulletin was added to the Community and Voluntary service website alerting the various voluntary groups to the consultation exercise.

**Documents for inspection** (11<sup>th</sup> June 2012) – The Core Strategy and supporting documentation (including the Sustainability Appraisal, Statement of Consultation information booklet and appropriate forms) were made available at the following locations:

The website was also updated to ensure that the evidence base and all associated documents were up to date and links were included to direct people to the online consultation system, through which formal representations could be submitted electronically.

**Advertising** (11th June 2012 and throughout) – A range of means of advertising and general circulation of information to raise awareness

and encourage engagement were employed. A press release notification was published in the Evening Post on the first day of consultation (11<sup>th</sup> June 2012) and the Topper (13<sup>th</sup> June, 2012).

Gedling Borough also alerted local residents to the forthcoming consultation in its own publication “Contacts” which was sent to every Gedling household in the spring of 2012. This was followed by the next edition of “Contacts” including a leaflet publicising the forthcoming consultation event setting out the dates of the consultation and this was distributed to every Gedling household prior to the 8<sup>th</sup> June 2012.

A staffed exhibition was also held at the Arnold Carnival on Saturday 16<sup>th</sup> June (2pm – 5.30 pm) and on 17<sup>th</sup> June (11am – 5 pm).

Posters were distributed by hand to all leisure and community centres and via a mail shot sent to all Doctors, dentists churches and local shops in Bestwood, Calverton and Ravenshead on the 14<sup>th</sup> June. Posters were also used to advertise the presence of the Aligned Core Strategy documentation for inspection at the locations where the various documents were made available for inspection which are listed above.

## **6.0 What were the main issues raised by the consultation?**

- 6.1 Although guidance was prepared and made available which instructed respondents that their representations should be focussed on legal compliancy and soundness, not all representations followed this guidance. Despite this, all those representations that were received were treated as duly made.
- 6.2 A total of about 1,400 respondents made nearly 16,000 separate representations. A list of all those who made representations is available at Appendix B of this addendum.
- 6.3 Of the representations made, about 14,880 were made by local residents from the Linby, Papplewick and Hucknall areas and the two Parish Councils of Linby and Papplewick against development at North of Papplewick Lane, at Top Wighay Farm and Bestwood village.
- 6.4 Part 2 of this document (insert link here) constitutes a summary of the main issues raised by representations made to all 3 Councils on the Broxtowe Borough, Gedling Borough and Nottingham City Aligned Core Strategies Publication Versions including the 16,000 representations made to Gedling Borough Council.
