

Report to: Council

Subject: Amendment to Times of the Meetings of the Scrutiny Committees

Date: 3rd September 2008

Author: Head of Democratic & Community Services

Background

The Performance Review Scrutiny Committee Members have expressed concern with regard to the late finish of some of the Committee meetings. This is caused in part by the length of some agendas and is part by the nature of the items before the committee. The Committee Members of both Scrutiny Committees would wish therefore to begin the Committee meetings earlier than the currently published approved time of 6:30pm.

Proposal

It is therefore recommended that the meetings of the Scrutiny Committees begin at 5:30pm.
