49 PROGRAMME OF PORTFOLIO HOLDER ATTENDANCE

The committee welcomed Councillors Peter Barnes, Portfolio Holder for the Environment, and Gregory Portfolio Holder for Community Development to the meeting to discuss a number of questions that had been sent to them in advance.

Councillor Barnes addressed a number of issues and described a range of initiatives being used to take forward the ambition of the authority to become plastic free. He explained how the appointment of a Climate Change Officer would lead the authority's aspiration to promote and

protect the environment by minimising pollution and waste, and would be working with the community on a number of schemes to improve levels and quality of recycling in addition to promoting the carbon reduction agenda.

During discussion a number of points were raised:

- It was explained that glyphosphate herbicide is no longer used on land owned by Gedling Borough but that it is still available to buy and that the County Council Highways department still uses it.
- The use of wild flower planting schemes are contentious as grassed areas are no longer being cut. However, the benefits of increasing the biodiversity of areas where wild flowers have been planted had to be taken into consideration.
- Discussions are underway to reintroduce the recycling of tetrapaks.
- The authority does not currently fund play areas in parished areas. It was agreed that Parish Councils would like a contribution towards upkeep and this should be considered. Councillor Barnes acknowledged this and agreed to see what could be done.
- The funding from FCC Communities Foundation for play areas will not disappear with the closure of land fill sites as is linked to Veolia who operate the Mansfield Materials Recovery Facility and Eastcroft Incinerator.

Councillor Gregory explained that the organisation of activities was currently restricted due to the pandemic but plans were being made for when constraints were loosened.

He informed members that:

- Virtual activities for children and young people were available in the Easter holidays and the Youth and Seniors Council had been meeting virtually.
- Work is being undertaken with grassroots organisations regarding funding to enable them provide activities to re-engage with community.
- Concerns about how the pandemic may have affected volunteers are being addressed with proactive work to increase confidence for people once again to get involved in community activities.

- Work is currently being undertaken with the Youth Service and Seniors Council to identify suitable accessible activities that will promote mental and physical wellbeing.

RESOLVED to:

- Thank Councillor Barnes and Gregory for their attendance.
- Note the report.
