Any other comments:

Newstead youth centre isn't like it was I don't go because of the bad behaviour and it's shut all the time anyway

We need more skate parks and green space in woodthorpe one in heli park maybe would be good
brambles seely park William lee - good

Any other comments:

Flatts Lane - good Brambles - good

Brambles - good

Titchfield in Hucknall

None of these are near me

Victoria Park (NG4 2PA) traffic terrible. My parents aren't happy with me going with friends due to traffic

I didn't recognise most so I put neither

I have not visited the places I have marked neither satisfied nor dissatisfied. I love nearer to the Ashfield border within Gedling so visit Ashfield open spaces more often

No parks/services in my area-bar one mediocre park.

Need more skate parks

dead, full of chavs x

I don't know many of these places

More parks for young people with multiple things to do and old people maybe more stuff for disabled people too

Just warning you but if you put every ingle park in a survey people are just gonna skip through it or vote randomly

I don't really go on the parks

I am worried about the effect on the environment, climate change and local villages by the constant building of estates and the new Gedling Bypass which has ruined local countryside and the views from Gedlin

I haven't been to a lot of them

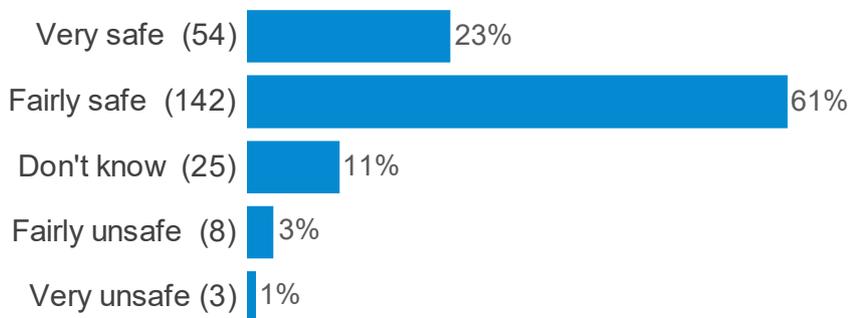

carnarvon grove play area was refurbished relatively recently and it is much worse than it was before with play equipment for only young children

dog poo

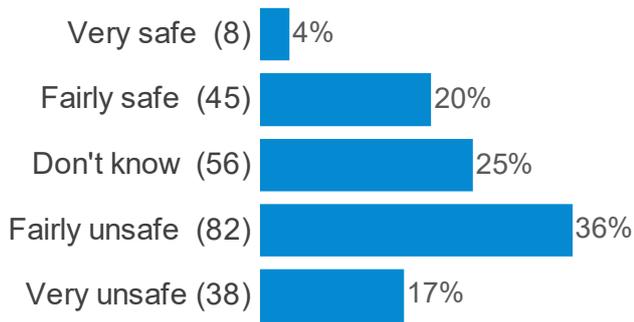

Not sure where these are

I'd like to have a better skate park. And either pump tracks or bike trails. There isn't a lot to do at the parks in Gedling for teenagers.

dead again

When kids get to school have a well-being check in post it notes with names on the back place how you are feeling

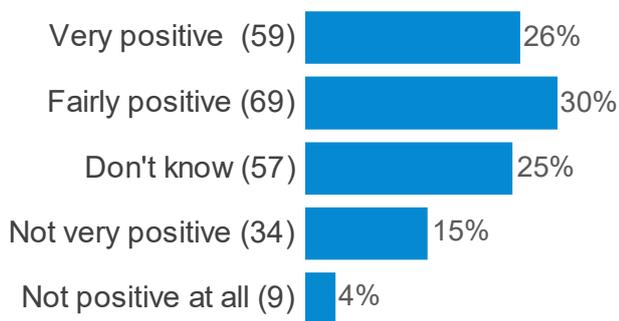

Depends if I'm on my own

more street lights could be added down ally ways for at night

Business studies in school how to apply for universal credit and how to earn money not just waiting until you do buisness studies in GSCE and A level need to be taught in schools

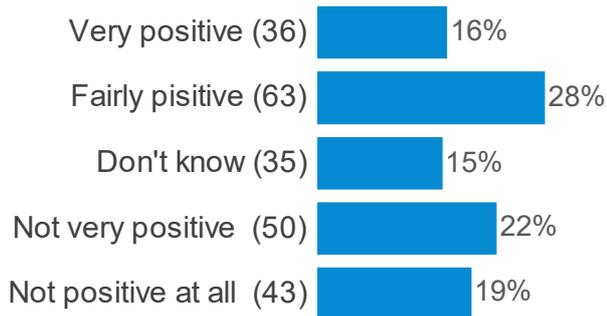

i won't be able to afford many things everything is so expensive

I'd like to travel but I don't know how much I'll be able to.

If you have needed it, have you been able to access support for: (Mental health)

Other, please add any other comments:

Get called ugly sometimes

Mental health one is a yes and no because you have a long waiting list for CAMH's it can only be quicker in really bad circumstances or was referred through hospital

im dead inside

Secondary school mental health teachers lesson. About what to do

Our year didn't know we had a councillor until someone genuinely needed help and that person told us about the councillor

I am not happy that I cannot go to the gym because of my age or use the weights at gyms

The doctors are shit for mental health, had to go private to get some counselling that actually helped because got told at the doctors I needed a paper bag... (this is at sten house Arnold)

I'm don't know for the bottom ones

Schools give advice and numbers for support

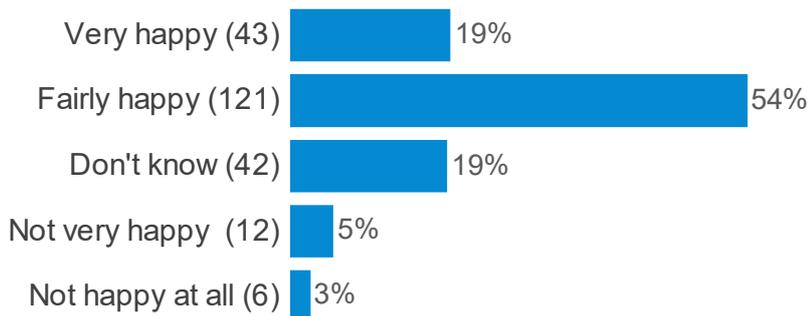

I don't know

On the your mental health one it says positive

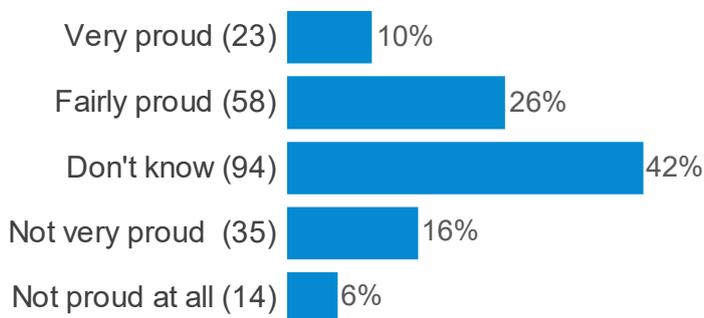

I never needed it

I find home learning & live lessons stressful. Much more stressful than being in school.

How happy are you to living in Gedling:

How proud are you to live in Gedling:

Any other comments:

I live in Newstead so we get left out of everything because we're in the middle of ashfield not Gedling
More eco friendly traffic solutions please and pavements, roads better maintained, greener areas.

I like my specific area not sure about the other areas.

Would rather live in rushcliffe

nearly got shafted by a roadman lol

I don't live in Gedling

I live in Sherwood and I'm very positive and fairly proud

I don't live in Arnold

I love the village where I live and feel safe but feel sad when I see the countryside ruined by building roads and houses I do not like that I cannot get in to school and home without spending time stuck

i identify more with living in Carlton, Nottingham rather than Gedling.

gangs of chavs

Gedling is quite small and I know a lot of people. It is quite dirty. At parks it's dirty too - there's a lot of litter.

I go to a school where everyone else lives in really posh places so it's meh.

Do you feel everyone is treated fairly due to their: (Age)

Do you feel everyone is treated fairly due to their: (Disability)

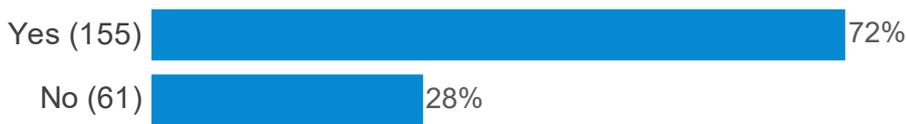

Do you feel everyone is treated fairly due to their: (Gender identification)

Do you feel everyone is treated fairly due to their: (Marriage and civil partnership)

Do you feel everyone is treated fairly due to their: (Pregnancy and maternity)

Do you feel everyone is treated fairly due to their: (Race)

Do you feel everyone is treated fairly due to their: (Religion or belief)

Do you feel everyone is treated fairly due to their: (Gender)

Do you feel everyone is treated fairly due to their: (Sexual orientation)

Any other comments:

- bullying related to sexual orientation
- I believe everyone should be treated the same no matter there race gender wether there pregnant or not everyone should be treated the same
- more support inside schools for the lgbt community and making schools have a gender neutral toilet
- anyone who isn't a straight white cisgender man is discriminated against
- There is so much racial abuse in gedling
- Needs work!

What is missing in terms of services, facilities, resources and support in Gedling?

Disability youth services Newstead having own services as most can't get to Gedling places A youth centre with workers who can control behaviour and know the area like it used to be

Better disability access, including pavements not blocked by cars

Skate parks and more shops

Music workshops. Dance (street) chances. Too much sport and nothing if you do not play sport

Bowling Alley

fix Roundabout at BRAMBLES PARK - CALVERTON

MORE HAPPY PEOPLE

Parks need updating, we need more places for young people to go to after school

Support and access to mental health support. Education in relation to race and diversity

Drs, Dentist, Better Transport, Skate park, Boxing club, Bike shop,

Facilities for younger teenagers. Better park equipment for that age group

Support for adhd and Aspergers from childhood into adulthood

Transgender public toilets

This side of the county is the poor relation and there aren't many facilities like cinema. Nowhere to go.

No leisure facilities in my area-swimming pools, gyms. The local education is not very adequate.

Miss the birds in Arnold Park .

Benches in more parks for breastfeeding mums

Mental health support. Normalise going to therapy, and more importantly teach people about the effects of bad mental health, what someone with depression goes through, self harm, educate people about this

They don't seem to do much I would feel much safer if I was in a school with people like me not in Redhill always being bullied because I am different

More of it and less embarrassment when asking for it

Care. Caring about helping people. Not just offering help and then considering the situation fixed. I wish adults would actually care about helping someone. But teachers treat students with mental health issues

More youth clubs

More indoor places to visit when it's winter time

Gender neutral facilities for people to feel comfortable in, support for mental health and help for young people who need it.

I don't know

?

car exclusion zone outside school at drop-off and pick-up times

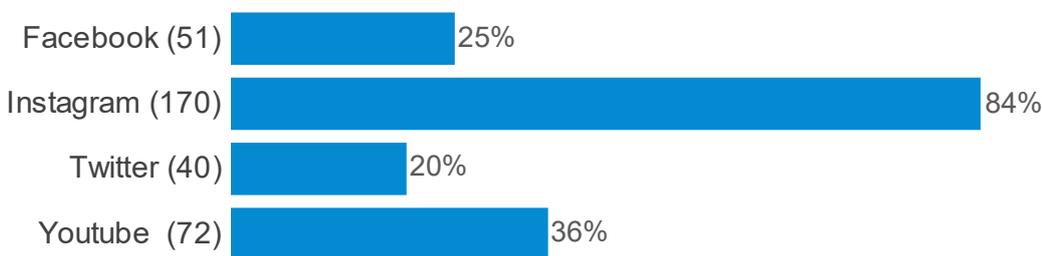

There aren't many facilities for young people my age in the pandemic. If you're younger, you can play on the kiddie play parks and if you're older, you can walk around but there isn't much for teenagers to do

More people to speak to if you're feeling down and easier to access the support if you need it (e.g. if you don't have a vehicle or that much money). More free activities for teenagers - skate parks, cycle/p

Do you think that it would be useful for the Council to create a social media platform dedicated to promote Young People's services and opportunities?

If you think that it would be useful for the Council to create a social media platform dedicated to promote Young People's services and opportunities, please let us know which of the following you think we should use:

If you have any other comments or information you would like us to know about, please use the box below:

More sports facilities

Plz put a skate park in Arno vale road coz there's nothing there

Tik tok

Instagram is most used by teens and Facebook isn't really used at all

I feel like arnold is full of chavs, going downhill

dont do it, youll get bullied

too unsafe

No one our age uses Facebook, there's no point

Schools should let transgender students use the toilet/changing room they identify as and they should have a place for non binary students to go to toilet and get changed for PE where they feel comfortable. Also they need to do something wether it's a support group or assembly in homophobia because I know a lot of lgbtq+ people that feel unsaf

to improve the support for addopted young people and to improve the lives and wellbeing of lgbt children in schools ie making all schools having gender neutral toilets and changing rooms.

More young people would have easy access to the social media platform if you use Instagram or YouTube.

TikTok is more popular than any of those you mentioned. I don't use the first three. My mum does though. Our age range don't use the first three platforms

A social media platform might help if the people posting were nearer the age of the young people they were posting things to. I'm not sure how much it would be used though. There's probably better things for the council to spend it's money on - like delivering services.

Project name:

Please fill in a brief description of the project.

- What is the project? Youth Voice in Action
- What are the benefits for young people?
They can share their opinions of education/community & what they would like to improve, have chance to be part of a focus group to create action plans and implement them. They can be part of the change.
- Why has this piece of work come about?
Through speaking with our Youth Ambassadors, their opinion was that young people aren't listened to, and we share the passion of listening to young people, so we wish to widen our reach.
- How do you want young people to be consulted? Through schools/youth groups/DWP, using the vocaleyeyes.org platform. We are aware that the Youth council already has a recently launched youth voice project, and we would love to collaborate and discuss how we could potentially bring both projects to work side by side, blend together or it may be that our project can support the youth council's project in some way.

What are the outcomes/aims for this piece of work/project?

To create young changemakers, become community organisers (particularly 16-24 NEET young people) and start to implement changes in their community, based on what has been created in the focus groups

What resources can you provide? The vocaleyes platform
 Taxi costs for young people, materials if needed, tutors etc. Not required
 What are your timeframes for this piece of work/project? January 2021 - 1 - 2 yr project

How long would you need to present the project? 30mins-1hr

Section 4 - Project Information

<p>Which Nottinghamshire MYP Campaign Participation Strategy Priority and children and young people in care promise does this piece of work/project cover?</p>	
<input type="checkbox"/> A Living Wage <input type="checkbox"/> Including Everyone <input checked="" type="checkbox"/> Mental Health <input checked="" type="checkbox"/> A curriculum to prepare you for life (includes items such as Bullying, Sexual Health, Political education, and managing money.) <input type="checkbox"/> Health and wellbeing <input checked="" type="checkbox"/> Schools/Education <input checked="" type="checkbox"/> Youth Justice <input type="checkbox"/> Young Carers <input type="checkbox"/> Vote 16	<input type="checkbox"/> Disabled Young People and Children <input checked="" type="checkbox"/> Supporting Children, Young people and Families <input type="checkbox"/> Adoption <input checked="" type="checkbox"/> Looked after, Joining in and life in care <input checked="" type="checkbox"/> Where we live, our environment and Road safety <input checked="" type="checkbox"/> Services for young people <input checked="" type="checkbox"/> Other things that are important to us all <input type="checkbox"/> Leaving Care <input checked="" type="checkbox"/> LGBTQ+ <input type="checkbox"/> None
<p>Please describe how?</p> <p>By hearing the young peoples voice, and recruiting young people for focus groups, creating action plans and community organisers, we will be upskilling young people to take positive action in their local community. Young people are our future leaders, and supporting them to tap into things they are passionate about and guide them to take positive action to see it happen, grows confidence & self esteem, raises resilience and potential, which in turn will lower mental health illness.</p> <p>Adults have their perceptions and beliefs, and so do young people, so encouraging adults i.e. parents/carers, educators and people in the community to listen to young people, there will no doubt be some creative solutions to longstanding problems.</p>	

Section 5 – Costs and Incentives

What Incentives if any can you offer for the Young People’s Participation i.e. Shadowing, Work Experience, Vouchers, Travel Expenses
We do offer work experience for young people, the ethos of our social enterprise includes empowering the next generation, and we wish to provide experience, alongside coaching to upskill, build confidence and resilience through their journey however long that may be.
