Report to Environment and Licensing Committee

Subject: Application for Street Trading consent for the Arnold Market at Eagle Square Arnold

Date: 3rd November 2026

Author: Director of Place

Purpose

To consider an application made by Gedling Borough Council for street trading consent for the Arnold Market to trade in a consent street in Arnold from 1st January 2027 until 31st December 2027.

To seek approval that the consent departs from Section 6 of the Council's Street Trading Policy allowing the market to trade on more than 16 days in a calendar year.

To seek approval that the consent departs from Section 4.1 of the policy to allow trading from a stationary van, cart, barrow or other vehicle.

Recommendation(s)

THAT:

- 1) Approve the application made by Gedling Borough Council for a street trading consent for the Arnold Market to trade in a consent street in Arnold from 1st January 2027 until 31st December 2027.**
- 2) Approve a departure from Section 6 of the Council's Street Trading Policy allowing the market to trade on more than 16 days in a calendar year.**
- 3) Approve a departure from Section 4.1 of the Council's Street Trading Policy to allow trading from a stationary van, cart, barrow or other vehicle.**

1 Background

1.1 Schedule 4 of The Local Government Miscellaneous Provisions Act (1982) gives District Councils the power to designate any street as either

- 'a prohibited street' (all street trading is prohibited);
- 'a licence street' (street trading is prohibited without a licence from the council); or
- 'a consent street' (street trading is prohibited without the consent of the council).

This designation then gives the council the power to control street trading on that street. The Council adopted Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 on 6th June 1983.

1.2 In 2012 the Environment and Licensing Committee approved that the Front Street area of Arnold and portions of the streets that branch off it, be re-designated from a 'prohibited street' to a 'consent street'. This was due to the activities in town centres changing allowing for more markets, fairs and other events to take place whilst balancing the control of such events by the Council by way of a policy to monitor the type of trading and events that take place. A plan of the Council's street trading consent area is attached at Appendix 1.

1.3 During the development of the AMP, where the Arnold Market traded previously, the market was temporarily located to trade on Eagle Square which is in the street trading consent area. The Council applied for street trading consent during the temporary period and in 2025 applied for a variation of the current consent to depart from Section 4.1 of the Street Trading Policy to allow a mobile business to trade on the market.

1.4 In accordance with the legislation an application for street trading consent must be made on an annual basis.

1.5 During 2024, the Council commissioned a consultation exercise to inform the future operation of Arnold Market, which included engagement with market traders, local businesses and members of the public. This was followed by an independent market review undertaken in 2025. The findings indicated support for the continued operation of the market within Eagle Square and recognised its positive contribution to footfall, local trade and the vitality of Arnold Town Centre.

- 1.6 Planning permission was subsequently granted in 2025 for the use of Eagle Square as the permanent trading site for Arnold Market.
- 1.7 The outcomes of the consultation, market review and planning process have informed the Council's ongoing management of the market and support its continued operation in the designated street trading consent area. Reflecting the positive outcomes of the consultation and review, the Council intends to continue operating Arnold Market from Eagle Square under the current arrangements, with no immediate plans for change.
- 1.8 The current consent approved by the Environment and Licensing Committee expires at the end of December 2026.
- 1.9 The Council's street trading policy is attached at Appendix 2.

In Section 6 the policy states:

'The council will not grant permission for any trader to operate for any more than 16 days within a calendar year'.

The application submitted is for consent until the end of December 2027 and the days of operation exceed 16 days in a calendar year which contravenes this section of the policy, so approval is sought to depart from this section of the policy to allow the market to operate regularly on the days of the week outlined in the application.

- 1.8 In Section 4.1 the policy states:

'The Council will not grant consent to trade from a stationary van, cart, barrow or other vehicle.'

The application submitted requests that the consent includes trading from a mobile vehicle which contravenes this section of the policy, so approval is sought to depart from the policy to allow trading from a vehicle giving more flexibility to the types of businesses able to trade on the market allowing for a more diverse range of goods being offered for sale to the public.

2 Proposal

- 2.1 Members are requested to approve the application made by Gedling Borough Council for a street trading consent for the Arnold Market to trade in a consent street in Arnold from 1st January 2027 until the end of December 2027

- 2.2 Members are requested to approve a departure from Section 6 of the Council's Street Trading Policy allowing the market to trade on more than 16 calendar days in a year.
- 2.3 Members are requested to approve a departure from Section 4.1 of the Council's Street Trading Policy to allow trading from a stationary van, cart, barrow or other vehicle.

3 Alternative Options

- 3.1 To not allow the application, with the departures from the policy, would result in the Arnold market being unable to trade in Arnold for more than 16 days in a calendar year which would restrict the regularity in which the market can operate on a weekly basis. It would also mean the Council would be unable to offer pitches to traders that have alternative means of trading such as mobile businesses thereby the range of goods and services offered by the Arnold Market to the public would be restricted.
- 3.2 Section 5 of the Street Trading Policy provides that applications must meet the objectives of supporting the local economy to increase footfall into the town centre, attract new visitors, create a welcoming atmosphere, opportunity for local businesses to trade, complement existing retailers in the area, to provide diverse and alternative products and to support local traders.
- 3.3 This application, supported by the outcomes of the 2024 consultation and 2025 independent market review referred to in Section 1.5 of the report, meets these objectives. By requesting the departures from the policy regarding the number of days in a calendar year the market is allowed to trade, and by allowing other methods of trading from vehicles, it will continue to provide a market to the local area on a regular basis with opportunity for traders to be able to trade using various methods such as mobile businesses. This would therefore increase the diversity of businesses able to trade and products available for purchase to the public in the local area.

4 Financial Implications

- 4.1 None

5 Legal Implications

- 5.1 Schedule 4 to the Local Government (Miscellaneous Provisions) Act 1982 empowers the Council to grant a street trading consent for a period not exceeding 12 months and subject to such reasonable conditions as it considers appropriate.
- 5.2 In determining the application, Members must have regard to the Council's Street Trading Policy. Any departure from Sections 4.1 and 6 of that policy must be justified by the particular circumstances of the application and supported by clear and rational reasons. Members must also consider all relevant representations, disregard irrelevant considerations, act consistently and proportionately, and have due regard to the public sector equality duty under section 149 of the Equality Act 2010.

6 Local Government Reorganisation Implications

- 6.1 The application requests consent to be granted until the end of 2027 so this permission is unlikely to be affected by Local Government Reorganisation which is scheduled to take effect from April 2028.
- 6.2 Going forward any processes regarding the market will be handed over to support the workings of the LGR Shadow Authority from May 2027.

Street Trading Policy

1. Purpose of the Policy Statement

This statement sets out the Council's policy framework for the management of street trading in Arnold Town Centre. The purpose of the Policy is to ensure a high quality street trading provision in the Centres, allowing for markets and fairs to contribute to a thriving shopping environment.

2. Background/Definition of Street Trading

The Council adopted Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 on 6th June 1983. This entitles the Council to manage street trading in its area by designating streets as 'consent streets', 'license streets' or 'prohibited streets'.

'Street Trading' is defined in the Schedule as 'the selling or exposing or offering for sale any article (including a living thing) in a street'. A 'street' includes any road, footway or other area to which the public have access without payment.

3. Application Procedure

Applications must be received by the Council's Licensing Section no less than fourteen days prior to the proposed date of the consent coming into effect.

The application must be accompanied by the appropriate fee and a plan showing the exact location at which the applicant wishes to trade. All plans should be 1:1250 scale and should show all residential and commercial premises within a 100m radius of the proposed site.

Upon receipt of an application, the Council will consider each application on its merits taking account of the General Policy provisions and objectives.

4. Policy on Street Trading

In order to fit within the council's aims around the promotion of vibrant town centres, this policy is defined by a clear set of principles:

- 4.1.** The Council will not grant consent to trade from a stationary van, cart, barrow or other vehicle.

In addition, consent will not be given to the following trades:

- a) Obscene or undesirable publications or articles.

- b) Goods or articles manufactured on the stall (except for small scale arts and crafts).
- c) Any goods with alcoholic content.
- d) Goods or articles deemed not to comply with appropriate Environmental Health or Trading Standards legislation.
- e) Any live animals.
- f) Any trade which is likely to cause a nuisance to residents or to give rise to, or encourage, public disorder.

However, this list is not exhaustive

4.2. The Council will only grant consent for street trading that supports events to boost trade in the town/district centres.

4.3. The Council does not have any fixed street trading locations or specific number limitations within those areas designated as consent streets. However, applications will only be granted where it is considered that the trader will add to existing amenities and be of benefit to the residents of and visitors to Gedling borough. It is unlikely that applications for locations close to existing street traders or where they could obstruct busy pedestrian routes or access to or from nearby premises will be granted. Also, where there are waiting and loading restrictions in place, appropriate waivers or consents to use that location must be obtained where necessary.

5. All applications must meet all the following objectives:

- a) To support the local economy, businesses and retailers by increasing footfall within the centres.
- b) To attract new visitors, residents and shoppers to the centres.
- c) To create a welcoming atmosphere for visitors, residents and shoppers.
- d) To provide an opportunity to trade for local businesses.
- e) To complement existing retailers and businesses within the centres.
- f) To provide a diverse and alternative offer of products to residents, visitors and shoppers.
- g) To build a programme of successful town centre events to support local traders.

6. The council will not grant permission for any trader to operate for any more than 16 days within a calendar year.

7. Standard Conditions

The following conditions will be attached to all consents issued by Gedling Borough Council:

- The consent holder shall be in possession of current public liability insurance with a minimum level of £5 million pounds.
- The consent holder shall only trade from the stall at the location approved in writing by the Council. The stall shall not be altered, adapted or replaced without the prior written consent of the Council.
- It is the responsibility of the consent holder to satisfy all fees and requirements to do with Nottingham City Council's Market Charter rules and must be able to produce evidence on request. For more information on whether your event would be subject to any fees, please visit the Nottingham City Council website - <http://www.nottinghamcity.gov.uk/index.aspx?articleid=15134>
- The consent holder shall maintain the stall in a clean state and in good repair and condition.
- The consent holder shall only trade from the authorised stall and shall not place any additional stalls, free standing signs or storage boxes upon the public highway.
- No waste material shall be discharged onto the highway or any other property, and must be taken away and disposed of in the proper manner.
- The consent holder shall conduct his business in such a manner as to ensure that he/she does not:-
 - cause a nuisance or danger to users of the street;
 - cause an obstruction to other vehicles or pedestrians or users of the street; or
 - prohibit access for loading or unloading.
- The consent holder shall take adequate precautions to prevent the risk of an outbreak of fire at his/her stall. Where a power source or heating appliance is present, e.g. a generator or bottled gas container, a suitable fire extinguisher must be provided.
- The consent holder shall display the street trading consent permit issued by the Council at all times whilst trading.
- When requested to do so by an authorised officer of the Council or Police officer, the consent holder shall produce the consent for inspection.
- The consent is not transferable and is personal to the consent holder.
- The street trading consent does not imply or give any other permission, consent or authorisation to trade in any other products other than those previously granted on application or renewal.
- The consent holder shall immediately notify the Council of any change to his/her name or address.
- The consent holder should not fail, without reasonable cause, to trade at the location for which consent has been given at all times authorised by the consent.
- The stall holder will remove the stall without undue delay upon the request of a Police Officer or Council Officer.

Failure to comply with any of these conditions may result in the revocation of the consent to trade.

8. Fees and Charges

No fee

9. Enforcement and Monitoring

Stalls may be inspected by authorised officers of the Council and officers from Nottinghamshire Police during hours of operation. Any non-compliance with statutory requirements or conditions of consent will be investigated with a view to taking appropriate remedial action and will also be taken into account upon receipt of an application to renew or modify consent to trade.
