Financial Strength	O	A Financial Strength which is Undisclosed
Risk Indicator	3	Represents a greater than average risk of business failure.

D&B Maximum Credit	£12,000
Recommended credit exposure at any given time.	
The D&B Maximum Credit is calculated using the D&B Failure Score, business size and primary industry sector.	

- The incidence of failure above shows the percentage of businesses with this Failure Score that have been subject to an insolvency event or gone out of business with outstanding debt.
- The incidence of delinquency above shows the percentage of businesses with this Delinquency Score that have paid late based on payment information reported to D&B.

Decisive criteria that influenced the risk evaluation for this company are:

- This is a recently established business that has been trading since 22 Sep 2016.
- There are no outstanding mortgages or charges that affect the evaluation of this business.

The Scores and Ratings included in this report are designed as a tool to help credit professionals make their own credit related decisions, and should be used as part of a balanced and complete assessment relying on the knowledge and expertise of the reader, and where appropriate on other information sources.

The Score and Rating models are developed using statistical analysis in order to generate a prediction of future events. D&B monitors the performance of thousands of businesses for at least 12 months in order to identify characteristics common to specific business events. These characteristics are weighted by significance to form rules within our models that identify other businesses with similar characteristics and provide a Score and Rating.

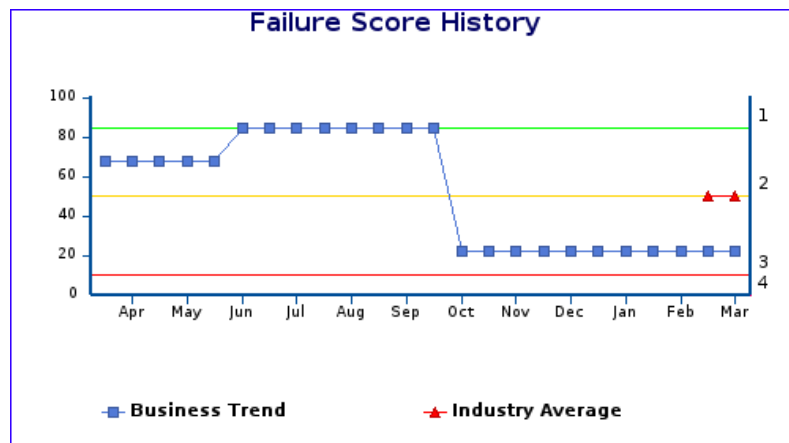

Please note: (1) like all forward looking predictions, our Scores and Ratings are not a statement of what will happen, but an indication of what is more likely to happen based on previous experience; and (2) use of the term "insolvency event" in this report means (i) if a business has convened a meeting of its creditors, made a voluntary arrangement or proposal for any other composition scheme or arrangement with (or assignment for the benefit of) its creditors, (ii) if a business is unable to pay its debts, (iii) if a trustee receiver, administrative receiver or similar officer is appointed in respect of all or any material part of the business or its assets; (iv) if a meeting is convened for the purpose of considering a resolution, or other steps are taken for the winding up of the business (otherwise than for the purpose of an amalgamation or reconstruction) or for the making of an administration order or other appointment of an administrator in respect of the business, or any such order or appointment is made or effective resolution is passed to wind up the business.

Whilst D&B uses extensive procedures to maintain the quality of the information we hold, we cannot guarantee that it is always accurate, complete or up to date, and this may affect the Scores and Ratings we publish.
