Gary,

I am responding to your email below:

I have attached our Articles and note our charitable objectives are:

The advancement of health and the relief of those in need by reason of youth, age, ill-health, disability or financial hardship for the benefit of the entire population of the County of Nottinghamshire and elsewhere by:

- Making the views and experiences of members of the general public, known to health and social care providers
- Enabling local people to have a voice in the development, delivery and equality of access to local health and social care services and facilities
- The promotion of high standards by health and social care providers
- Providing training and the development of skills for volunteers and the wider community in understanding, scrutinizing, reviewing and monitoring local health and care services and facilities.

For clarity, Suites 7 & 8 is the only office for Healthwatch Nottinghamshire. This is where we carry out the following functions:

1. Engagement and Outreach functions; we have a small team of Outreach and Engagement officers that connect with local groups and networks of those who seldom heard, including;
 - Children and young people
 - People with learning difficulties and disabilities, including special educational needs
 - People with mental health problems / Long term conditions
 - Gypsies and travellers
 - Deprived or isolated communities
 - Substance misusers
 - Homeless people
 - Prisoners
 - The cared-for and carers
 - BME
 - LGBT+
 - Working aged
 - A first language other than English
 - Domestic abuse

We gather views and feedback and support them to have a voice in the ongoing development of services they need.

2. Evidence and Insight Functions; this is where we gather in all of the data and make reports and recommendations to secure ongoing improvement to access and outcomes for our beneficiaries
3. Volunteer Functions; we recruit train and develop a group of volunteers to enable us to reach our objectives and further our aims

Please let me know if there is any other information that you need.

Kind regards

Michelle Livingston
Chair

Dear Sir or Madam

Thank you for completing the charitable relief application forms recently.

I can confirm that the Valuation Office Agency have now split the suites into separate units and bills have been sent to you recently showing the charges due in respect of each suite.

In order to qualify for mandatory and discretionary relief, I need to be satisfied that the premises are solely or mainly used for the purposes of your charity.

You state that your main objectives are the advancement of health and the relief of those in need by reason of youth, age, ill health, disability or financial hardship for the benefit of the population of Nottinghamshire.

You state that the property is used as office space.

Please confirm the exact functions that are carried out at each property and how they link to your charity.

Once I have this information, I will prepare a report and make recommendations to the Portfolio Holder for Resources and Reputation who will decide on the outcome of your application.

Regards
