

## **Report to Audit Committee**

**Subject: Corporate Risk Management Scorecard**

**Date: 18 December 2018**

**Author: Deputy Chief Executive and Director of Finance**

### **1. Purpose of the Report**

To update members of the Audit Committee on the current level of assurance that can be provided against each corporate risk.

#### **Recommendations:**

##### **That Members:**

- note the progress of actions identified within the Corporate Risk Register.

### **2. Background**

The current Risk Management Strategy & Framework was last considered and approved by the Cabinet in October 2017.

The purpose of the Strategy and Framework is to define how risks are managed by the Council. It provides guidance on the processes, procedures, roles and responsibilities for risk, and it sets out the context on how risks are to be managed. It defines the key role for the Audit Committee as providing independent assurance to the Council with regard to the effectiveness of the risk management framework and the associated control environment. This includes the monitoring of the framework and ensuring the implementation of all audit actions.

The Corporate Risk Register is a key enabler of the Strategy and Framework, and provides assurance on the key risks identified as corporate risks.

Existing risks identified within both the Council's corporate and operational service risk registers are subject to quarterly review by senior management and on an ongoing basis through the work of Internal Audit.

### **3. Corporate Risk Register**

This new approach has meant that significant changes have been made to the monitoring of risks and the subsequent reporting arrangements to this committee. This has meant that some of the risks included within the corporate risk register have been set at a relatively high score with the expectation that as mitigation measures are properly recorded or actions taken, then these risks should start to improve over the coming months. This is not to say that all risks will return to 'green', as mitigation measures can only go so far, and some risks may always be inherently 'red' or 'amber' as the score reflects the potential impact on the Council and the likelihood of that event occurring.

The Corporate Risk Register and supporting comments as at the end of September 2018 are appended to this report, and this includes a summary of all control gaps currently identified on the Council's Corporate Risk Register.

### **4. Resource Implications**

To be delivered within existing budgets.

### **5. Recommendation**

That Members note the progress of actions identified within the Corporate Risk Register.

## Appendix 1 - Corporate Risk Register Monitoring – Quarter 2, September 2018

1	<p><b>FAILURE TO PREVENT BUDGET OVERHEATING ONCE THE BUDGET HAS BEEN SET</b></p> <p><b>Owner: Mike Hill</b></p> <p><b>Current Risk and Direction of Travel: GREEN – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Shorter term implications of overspending budgets or not collecting as much income as forecasted. This can cause adverse impact on Council balances.</i></p> <p><b>Key Risk Driver:</b> Financial Impact</p> <p><b>Raw Risk Value:</b> Serious - £50k - £500k</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>Quarter 2 budget monitoring was reported to Cabinet in November and projected a £40k underspend for 2018/19. The 2018/19 budget includes a £1,187k efficiency programme and delivery is currently progressing well. Regular reports are made to Cabinet as part of the quarterly performance monitoring reports to highlight at the earliest opportunity any variances from the plan which need to be addressed. The latest projections are that £1,047k will be delivered against the target of £1,187k, with £140k to be deferred until 2019/20. The shortfall in the current year is accommodated within the current approved quarter 2 budget.</p> <p>The Council's budget monitoring processes are robust and these will continue to operate throughout 2018/19, and whilst the efficiency programme adds an increased risk to the achievement of the annual budget this is not considered to be significant.</p>
2	<p><b>FAILURE TO MAINTAIN FINANCIAL INTEGRITY</b></p> <p><b>Owner: Mike Hill</b></p> <p><b>Current Risk and Direction of Travel: RED – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Affecting the ability of the Council to meet its financial commitments in the longer term.</i></p>

**Key Risk Driver:** Financial Impact

**Raw Risk Value:** Critical - £1m+

**Corporate Risk Register Outstanding Controls:**

The Council's financial position remains extremely challenging, with central government support continuing to fall. By 2019/20 it is now estimated that government grant reductions will be £5.9m, equivalent to a 66% cash reduction compared to 2010/11. In addition, New Homes Bonus is now expected to reduce by £2.0m by 2019/20. The Council has always taken a proactive approach to managing funding cuts, actively seeking ways to identify new pressures and deliver efficiencies and new income sources.

To date the Council has already delivered £5.3m of budget reductions with approved plans in place for a further £2.8m over the period 2018/19 to 2022/23. The 2018/19 budget approved by Council in March 2018 approved an additional budget reduction target of £1.1m to secure a balanced budget by 2022/23 and maintain balances at their minimum levels. Instructions were given to officers to develop further plans during the 2019/20 budget process and this work is now underway and proposal will be presented to Budget Council in March.

The Council launched its 'Dynamic Council' approach to working in 2017/18, which includes the adoption of a project/programme management approach combined with delivering on four separate themes: digitalisation, agile working, demand management, and commercialisation. The work to meet these themes is being delivered by 12 separate project groups, and good progress is being made to ensure the modernisation of the Council. A project manager has recently been appointed to support the delivery of the programme.

Commercialisation will have a focus on the generation of income, a key part of which will be marketing to ensure that income levels from services are maintained or increased, and also the Council's approach to property development which has inherent risks attached. As part of this, a future potential move to local authority trading companies will be a new venture for the Council, and this again will need to be managed carefully at the appropriate time to avoid risk to service provision.

Major financial issues moving forward will be the volatility and continuity of the New Homes Bonus grant, the impact of Universal Credit and other housing benefit reforms on the value of the benefit subsidy administration grant, and national changes being made in relation to the Fair Funding Review and Business Rates Retention. Further details may be included as part the Local Government Settlement announcements in December. The Council has applied to be a Business Rates Retention Pilot for 2019/20 together with the other Nottinghamshire Councils and the

	<p>Nottinghamshire Fire Authority, which may result in additional retained income for one year if the bid is successful.</p>
3	<p><b>FAILURE TO PROTECT STAFF, INCLUDING HEALTH &amp; SAFETY ISSUES</b></p> <p><b>Owner: Mike Hill</b></p> <p><b>Current Risk and Direction of Travel: AMBER – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Ineffective systems, processes and equipment that can present danger to individuals or groups of employees.</i></p> <p><b>Key Risk Driver:</b> Health &amp; Safety</p> <p><b>Raw Risk Value:</b> Major – Loss of life / major illness</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>A comprehensive review of all risk assessments required by the Council is currently underway and these will be held and managed centrally on the electronic health and safety system 'AssessNET'. A full list of required risk assessments have been defined by Service Managers and resources have been identified to ensure risk assessments are input to the system in a timely manner. Watercourse risk assessments have been completed for all relevant Parks and Open Spaces.</p>
4	<p><b>FAILURE TO RECRUIT AND RETAIN STAFF, AND MAINTAINING INTERNAL CAPACITY</b></p> <p><b>Owner: Helen Barrington</b></p> <p><b>Current Risk and Direction of Travel: AMBER – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Associated with the particular nature of each profession, internal protocols, managerial abilities, and sickness levels.</i></p> <p><b>Key Risk Driver:</b> Service Provision</p> <p><b>Raw Risk Value:</b> Serious – Significant elements of a service suspended / reduced</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>In some areas, recruitment and retention of staff is a problem for the Council to remain competitive, particularly where recruitment competes</p>

	<p>with the private sector, although it is recognised that the pay line review has improved the position. This is however a specific problem with respect to experienced technically qualified professional staff, where honorariums and market supplements are being used to combat the difficulties.</p> <p>As a consequence of budget pressures, decreasing workforce, increasing workload and customer expectations we are seeing an impact on capacity and resilience. A further reduction in the workforce will place greater demands on remaining staff, increase the risk of poor resilience and a potential reduction in performance. Work is needed to help improve organisational capacity and resilience by developing the skills and abilities of key leaders and staff. A Workforce Strategy which aligns with Dynamic Council themes needs to be developed to ensure that staff are creative, flexible and have the right skills to respond positively to the challenges that lie ahead. In addition a benefits statement for employees will be prepared to outline the additional benefits of working for the Council.</p> <p>In order to support a more flexible working environment an Agile Working Strategy has been approved which needs to be implemented.</p>
5	<p><b>FAILURE TO PROPERLY UTILISE EXISTING ICT, REACT TO TECHNOLOGY CHANGES, AND PREVENT DATA LOSS</b></p> <p><b>Owner: Helen Barrington</b></p> <p><b>Current Risk and Direction of Travel: AMBER – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>The capacity of the Council to deal with the pace / scale of technological change, or its ability to use technology to address changing demands. Challenges over the security, storage and retention of both electronic and manual records, and data.</i></p> <p><b>Key Risk Driver:</b> Objectives</p> <p><b>Raw Risk Value:</b> Major – Directorate objectives not met</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>The Council’s Digital Strategy sets out a requirement that the technological solutions we invest in are used to their full potential, and work needs to continue to achieve this.</p> <p>The lack of resource within ICT budgets and capacity of staff is starting to impact on the Council’s development of ICT moving forwards, and this is a key requirement of the Digital Strategy. A request for additional resources from the Transformation Fund has been approved and</p>

	<p>additional resources are being sought in order to resolve this issue.</p> <p>Work is ongoing to ensure the Council responds to the requirements of the General Data Protection Regulation which came into force in May 2018. So far good progress has been made. Training has been delivered to staff and Members; Information Asset Registers are completed; a new Data Protection Policy has been approved; Privacy Notices have been drafted and the Leisure system updated. A project plan is in place to continue this work.</p> <p>A comprehensive Cyber Security risk assessment is in progress which needs to be completed.</p>
6	<p><b>FAILURE TO PROTECT &amp; UTILISE PHYSICAL ASSETS</b></p> <p><b>Owner: Mike Hill</b></p> <p><b>Current Risk and Direction of Travel: AMBER – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Buildings that are fit for purpose, safe, secure, and meet legislative requirements for fire, asbestos, and water-testing. Land, buildings and other assets to be recorded on a database.</i></p> <p><b>Key Risk Driver:</b> Health &amp; Safety</p> <p><b>Raw Risk Value:</b> Major – Loss of life / major illness</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>A full condition survey of all council-owned buildings is required, and action is being taken in this regard.</p> <p>Risk assessments of buildings are in place but will require updating as part of the roll out of the new AssessNET system. A register is in place to record fire, asbestos and water testing at each site, but this needs to be centralised – again action is being taken in this regard. Fire risk assessments have now been updated and are due to be recorded in the central AssessNET system by the end of December.</p> <p>The existing Asset Management Plan is out of date and will be updated during 2018/19.</p> <p>A risk assessment of management of parks assets has been completed and risk improvement actions have been identified for implementation by the end of the financial year, including the adoption of risk based approach to site inspection regime. A tree register needs to be developed to support this work.</p>

7	<p><b>FAILURE TO REACT TO CHANGES IN LEGISLATION</b></p> <p><b>Owner: Helen Barrington</b></p> <p><b>Current Risk and Direction of Travel: AMBER – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Associated with current or potential changes in national or European law which can lead to possible breaches of legislation. Assessing the wider implications of new legislation on both the Council and its residents.</i></p> <p><b>Key Risk Driver:</b> Financial Impact</p> <p><b>Raw Risk Value:</b> Major - £500k - £1m</p> <p><b>Corporate Risk Register Outstanding Controls:</b>  The Council is responding to changes as part of the roll-out of Universal Credit which is likely to create hardship and increase council tax arrears and collection costs. Joint work across the Council is progressing to ensure that any impact on individuals is mitigated.</p> <p>The requirements of Homelessness Reduction Act 2017, which became effective from April 2018 have been implemented. Two temporary Homelessness Prevention Officers have been recruited. All officers are fully trained in safeguarding children and vulnerable adults and on the national Code of Guidance as well as the provisions of the new Act. Appropriate professional support is available from managers for officers to discuss cases.</p> <p>The Council continues to make good progress to ensure it complies with the General Data Protection Regulation and Data Protection Act as set out above.</p>
8	<p><b>FAILURE OF CONTRACTORS OR PARTNERSHIP ARRANGEMENTS – CONTRACTUAL BREACHES</b></p> <p><b>Owner: Helen Barrington</b></p> <p><b>Current Risk and Direction of Travel: AMBER – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Associated with the failure of contractors and partnership arrangements to deliver services or products to the agreed cost and specification.</i></p> <p><b>Key Risk Driver:</b> Financial Impact</p> <p><b>Raw Risk Value:</b> Serious - £50k - £500k</p>

	<p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>The Council is currently constructing a new Partnerships Register which will be reviewed by both SLT and a specific project group under the 'Dynamic Council' approach. Work is still required to review and finalise governance arrangements in relation to significant partnerships.</p> <p>The Contracts Register is complete and interim procurement arrangements secured. A review to determine future resourcing requirements for procurement support has been completed with longer term contractual arrangements for service provision to be agreed for the new financial year.</p>
9	<p><b>INABILITY TO DEFEND ONE-OFF CHALLENGES TO A COUNCIL DECISION OR NEW COMPENSATION TREND EMERGES</b></p> <p><b>Owner: Helen Barrington</b></p> <p><b>Current Risk and Direction of Travel: GREEN – NO CHANGE</b></p> <p><b>Definition:</b></p> <p><i>Councils are increasingly vulnerable to judicial reviews and new compensation claims.</i></p> <p><b>Key Risk Driver:</b> Financial Impact</p> <p><b>Raw Risk Value:</b> Serious - £50k - £500k</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>There are currently no outstanding control gaps in the strategic or operational risk registers relating to this corporate risk.</p> <p>To support the Council's defence of health and safety claims, the 'AssessNET' risk assessment module has been rolled out and training of managers has commenced. H&amp;S awareness courses have also been delivered in accident and incident reporting.</p>
10	<p><b>FAILURE TO MAINTAIN SERVICE STANDARDS, CUSTOMER SATISFACTION, AND/OR MEET CUSTOMER EXPECTATIONS</b></p> <p><b>Owner: Helen Barrington</b></p> <p><b>Current Risk and Direction of Travel: GREEN – NO CHANGE</b></p> <p><b>Definition:</b></p>

	<p><i>Related to channel shift to more digital on-line services but retaining the availability of face-to-face services. Affecting the competitiveness of the service (in terms of cost or quality) and/or its ability to deliver best value.</i></p> <p><b>Key Risk Driver:</b> Reputation</p> <p><b>Raw Risk Value:</b> Major – Adverse national publicity</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>There are currently no outstanding control gaps in the strategic or operational risk registers relating to this corporate risk.</p>
11	<p><b>FAILURE TO PREVENT DAMAGE TO THE COUNCIL’S REPUTATION</b></p> <p><b>Owner:</b> Karen Bradford</p> <p><b>Current Risk and Direction of Travel:</b> GREEN – No Change</p> <p><b>Definition:</b></p> <p><i>Related to the Council’s reaction to a specific event or issue, or generally a downturn in quality of service.</i></p> <p><b>Key Risk Driver:</b> Reputation</p> <p><b>Raw Risk Value:</b> Major – Adverse national publicity</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>There are currently no outstanding control gaps in the strategic or operational risk registers relating to this corporate risk.</p> <p>Quarterly monitoring of performance information by SLT is an embedded process and timely management action is taken to address any service quality issues arising.</p>
12	<p><b>FAILURE TO REACT TO AN ENVIRONMENTAL INCIDENT OR MALICIOUS ACT</b></p> <p><b>Owner:</b> Karen Bradford</p> <p><b>Current Risk and Direction of Travel:</b> GREEN – NO CHANGE</p> <p><b>Definition:</b></p> <p><i>Council reaction to a natural occurrence e.g. widespread flooding, or other events such as fire and explosions.</i></p>

	<p><b>Key Risk Driver:</b> Reputation</p> <p><b>Raw Risk Value:</b> Major – Adverse national publicity</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>The Emergency Plan has recently been updated and the business continuity plans are due for review next year. Consequently there are currently no outstanding control gaps in the strategic or operational risk registers relating to this corporate risk.</p>
13	<p><b>FAILURE TO REACT TO SOCIO-ECONOMIC TRENDS</b></p> <p><b>Owner:</b> Karen Bradford</p> <p><b>Current Risk and Direction of Travel:</b> GREEN- IMPROVEMENT</p> <p><b>Definition:</b></p> <p><i>Relating to the effects of changes in demographic, residential, or socio-economic trends on the Council's ability to meet its objectives.</i></p> <p><b>Key Risk Driver:</b> Reputation</p> <p><b>Raw Risk Value:</b> Serious– Adverse regional publicity</p> <p><b>Corporate Risk Register Outstanding Controls:</b></p> <p>There are currently no outstanding control gaps in the strategic or operational risk registers relating to this corporate risk.</p> <p>The Senior Leadership Team receives economic indicator reports on a bi-annual basis that reports over the themes of homelessness, new homes, benefits and income, and local economy. SLT reflect on these demographic trends and ensure they are fully reflected in service planning processes to ensure needs continue to be met.</p>

**HIGH RISK AUDIT RECOMMENDATIONS RAISED IN PREVIOUS YEARS BUT NOT YET IMPLEMENTED:**

There are no high risk audit recommendations from previous years that have not been addressed and implemented.

**HIGH RISK AUDIT RECOMMENDATIONS RAISED IN THIS FINANCIAL YEAR:**

None to date

## APPENDIX 2 - RISK MANAGEMENT SCORING MATRIX

Date refreshed: **30 September 2018**

<b>Likelihood</b>	Very High	E
