Calverton Gymnastics Club is a newly formed gymnastic premises offering gymnastics for all including disability, who has opened the doors to the public on 07.05.2018.

Calverton Gymnastics Club is providing gymnastics and fitness activities in a safe and purposely built facility , with fully British Gymnastics qualified coaches.

The gym has Olympic standard gymnastics equipment for both boys and girls, and suitable equipment for preschool gymnastics and disability lessons.

We are a community club, not for profit and would offer our facilities to children within the East Midlands area, along with local schools and other youth groups. This will encourage more children to take up a regular healthy activity.

We have the strong belief that anyone should have the opportunity to engage in sport.

Our aim is do deliver gymnastics lessons in all gymnastics disciplines including disability

There are no restrictions to the membership. Membership to Calverton Gymnastics Club is open to children and adults who will be attending gymnastics sessions at the facility.

Classes range from 0-5 parent and toddler sessions, recreational after-school classes for children 5-16 years and evening adult gymnastics classes for age 16+. We are also providing disability gymnastics classes, specially adapted to meet a wide range of impairments.

Members of the public are able to access the facilities by booking Birthday Parties and attending fundraising events, such as gymnastics competitions, held by Calverton Gymnastics Club.

We pride ourselves on being a family orientated club which currently have three qualified British Gymnastic coaches from Level 1 to Level 4.

Our coaches are qualified in Men's Artistics, Woman's Artistics, Preschool, Parkour and Disability Gymnastics. All Calverton Gymnastics Club coaches are DBS checked, and two coaches are qualified in First Aid.

Ongoing training and support will be provided to employees of Calverton Gymnastics Club. This will include Gymnastics Coaching and Judging courses, Disability awareness courses.

Calverton Gymnastics Club will also be looking to employ young adults under the British Gymnastics Apprenticeship Programme. The programme offers two pathways for individuals to choose between. The coaching pathway offers a Level 2 Activity Leadership qualification combined with a level 2 coaching qualification in general gymnastics and the club development pathway offers either a level 2 or level 3 in business administration.

As the number of children in our classes increases, we will add extra coaches. This will mean hiring and training new coaches from the local area, boosting the local economy, and providing local volunteering opportunities for ages 16+.

Directors Miroslav Tevekelyski and Liudmila Zatenshchikova were both successful competitive gymnasts from a young age. In the last two years Liudmila Zatenshchikova has set up and developed successful preschool gymnastics lessons, and highly popular parent and toddler sessions. Meanwhile, Miroslav Tevekelyski has been running a very successful Men's Artistic Program as a Head Coach of the discipline

We believe Calverton Gymnastics Club will be successful due to the experience we have gained working at various gymnastics facilities in and around the Nottingham area, and knowing that all gymnastics clubs in Nottinghamshire have waiting lists up to 2 years.

We are an equal opportunity employer and welcome applicants from the ethnic minority. We are in a position to offer apprenticeships to younger employees. Our aim for the club is to build/increase numbers on our classes, in our recreational programs and further build on our development programs.

We offer a place for the community to meet and build relationships through sport.

Please, if you need any more information , do not hesitate to contact us at any time.

**Thank you
Kind Regards**
