

Report to Audit Committee

Subject: Corporate Risk Management Scorecard

Date: 14 January 2020

Author: Deputy Chief Executive and Director of Finance

1. Purpose of the Report

To update members of the Audit Committee on the current level of assurance that can be provided against each corporate risk.

Recommendations:

That Members:

- note the progress of actions identified within the Corporate Risk Register.

2. Background

The current Risk Management Strategy & Framework was last considered and approved by the Cabinet in October 2017.

The purpose of the Strategy and Framework is to define how risks are managed by the Council. It provides guidance on the processes, procedures, roles and responsibilities for risk, and it sets out the context on how risks are to be managed. It defines the key role for the Audit Committee as providing independent assurance to the Council with regard to the effectiveness of the risk management framework and the associated control environment. This includes the monitoring of the framework and ensuring the implementation of all audit actions.

The Corporate Risk Register is a key enabler of the Strategy and Framework, and provides assurance on the key risks identified as corporate risks.

Existing risks identified within both the Council's corporate and operational service risk registers are subject to quarterly review by senior management and on an ongoing basis through the work of Internal Audit.

3. Corporate Risk Register

This approach has meant that some of the risks included within the corporate risk register have been set at a relatively high score with the expectation that as mitigation measures are properly recorded or actions taken, then these risks should start to improve over the coming months. This is not to say that all risks will return to 'green', as mitigation measures can only go so far, and some risks may always be inherently 'red' or 'amber' as the score reflects the potential impact on the Council and the likelihood of that event occurring.

The Corporate Risk Register and supporting comments as at the end of September 2019 are appended to this report, and this includes a summary of all control gaps currently identified on the Council's Corporate Risk Register.

4. Financial Implications

None arising directly from this report.

1	<p>FAILURE TO PREVENT BUDGET OVERHEATING ONCE THE BUDGET HAS BEEN SET</p> <p>Owner: Mike Hill</p> <p>Current Risk and Direction of Travel: GREEN – NO CHANGE</p> <p>Definition:</p> <p><i>Shorter term implications of overspending budgets or not collecting as much income as forecasted. This can cause adverse impact on Council balances.</i></p> <p>Key Risk Driver: Financial Impact</p> <p>Raw Risk Value: Serious - £50k - £500k</p> <p>Corporate Risk Register Outstanding Controls:</p> <p><u>Actions completed during quarter 2:</u></p> <ul style="list-style-type: none">• Quarter 2 budget monitoring has been completed and the report to Cabinet in November confirmed that the projected outturn is expected to be in line with the budget. The report included an update on the progress made with the delivery of the Council's approved 2019/20 efficiency programme of £1,086,300. It confirmed that projects totalling £360,900 will not be delivered during 2019/20 (majority deferred to future years) but this has been contained within the Cabinet's maximum budget by application of the budget reduction risk reserve set aside for this purpose, and other savings identified across the Council. <p><u>Actions outstanding:</u></p> <ul style="list-style-type: none">• Regular quarterly budget monitoring reports will be presented to Cabinet to highlight at the earliest opportunity any potential overspends which need to be addressed, ensuring that timely and effective management action can be taken. Quarter 3 budget monitoring will be reported to Cabinet in January. <p>The Council's budget monitoring processes are robust and whilst the budget reduction programme adds an increased risk to achievement of the annual budget this is not considered to be significant at this point in time.</p>

FAILURE TO MAINTAIN FINANCIAL INTEGRITY

Owner: Mike Hill

Current Risk and Direction of Travel: RED – NO CHANGE

Definition:

Affecting the ability of the Council to meet its financial commitments in the longer term.

Key Risk Driver: Financial Impact

Raw Risk Value: Critical - £1m+

Corporate Risk Register Outstanding Controls:

The Council's financial position remains extremely challenging and future funding remains uncertain.

Actions completed during quarter 2:

- A full review of the Council's 2019/20-2022/23 £2.6m efficiency programme has identified £120,500 that cannot be delivered. This remains within the expectations and overall risk provision of £125,600 included in the Medium Term Financial Plan.
- The Council's Medium Term Financial Plan sets out the estimated future funding position and the associated risks due to the uncertainties surrounding the Fair Funding Review, Business Rates Retention and New Homes Bonus. The Government has recently announced a one year local government finance settlement for 2020/21 which means the reviews for the future funding of local government have been deferred for a year. This continues to inhibit effective medium term financial planning and the achievement of a sustainable financial position.
- Monitoring of the Brexit impact, which is recognised as a risk to the achievement of a balanced Medium Term Financial Plan, is ongoing.

Actions outstanding:

- Implementation of Advertising, Sponsorship and Marketing strategies to generate additional funding;
- Development of a Procurement and Contract Management Strategy to ensure value for money in purchasing;
- Ongoing monitoring and delivery of budget efficiency programme;
- Continuing consideration of the Council's funding position as the uncertainties listed above unfold.
