1.1. The Parties to this Memorandum of Understanding (MoU) are the Department for Environment, Food and Rural Affairs (Defra) and the Licensing Authority.

## **2. Purpose of this MoU**

2.1. The Purpose of this MoU is to clarify how the Parties will meet their respective obligations under Data Protection Legislation in relation to the processing of Personal Data as necessary to meet the requirements of the Air Quality Regulations. It explains how the parties will co-operate to ensure compliance with all relevant legislation.

## **3. Description of the Data and method of sharing**

3.1. The Air Quality Regulations specify the data that The Licensing Authority is required to share with Defra. The Regulations can be found at: [www.legislation.gov.uk/ukxi/2019/885/made](http://www.legislation.gov.uk/ukxi/2019/885/made).

- 3.2. The Air Quality Regulations specify the minimum frequency at which the Data must be shared with Defra. The Data must be transmitted to Defra at least once a week and additionally as requested for database development.
- 3.3. The Licensing Authority will transfer the Data to Defra using either an Application Programming Interface (API) or a CSV upload. In executing the transfer, both parties will comply with the security arrangements described in clause 9.

#### **4. The Licensing Authority's legal basis under the GDPR for sharing the Data with Defra**

- 4.1. The legal basis under Data Protection Legislation for The Licensing Authority to share Personal Data with Defra and Defra's further processing of the Personal Data for the Purpose is Article 6(1)(c) of the GDPR – i.e. the processing is necessary for compliance with a legal obligation to which the controller is subject.

#### **5. Accountability**

- 5.1. Defra is a separate Controller for the Data once received from The Licensing Authority and is responsible as a Controller for complying with Data Protection Legislation in relation to its further processing of the Data.

#### **6. Fairness and Transparency**

- 6.1. Both parties will provide appropriate privacy notices to data subjects, in accordance with the requirements of the GDPR and all relevant good practice guidance issued by the Information Commissioner's Office. Specifically, The Licensing Authority will inform data subjects that Licensing Authorities are required by Law to share the Data with Defra so that Defra can create a database. Defra may, under contracts or similar agreements, use third party organisations to process the data on its behalf. This will include the creation and provision of the database to support local authorities' ability to charge in relation to clean air zones.

#### **7. Accuracy of Shared Data**

- 7.1. The Licensing Authority will take all reasonable steps to ensure the accuracy and currency of the Data before it is transmitted to Defra. Where the Licensing Authority becomes aware of inaccuracies in the Data after its transmission to Defra, it will notify Defra of those inaccuracies as soon as reasonably practicable after the discovery and the parties will agree a suitable rectification plan.

- 7.2. Defra will take all reasonable steps to maintain the accuracy and currency of the Data and will notify The Licensing Authority if it becomes aware of any significant inaccuracies.

## **8. Retention of Shared Data**

- 8.1. Defra will retain the Data for a period not exceeding seven years for revenue purposes from the date received from The Licensing Authority subject to any relevant exemptions under Data Protection Legislation. Historical aggregated data will be retained indefinitely for scientific purposes, where aggregated data means information that has been collated for periodic reports.
- 8.2. An extract of the Data may be used by Defra and shared with the Department for Transport to carry out analysis in order to inform the evaluation of local air quality plans to deliver compliance in nitrogen dioxide concentrations in the shortest possible time, and national compliance reporting.
- 8.3. The data will be held securely by Defra on Amazon Web Services within the London region. At the end of that retention period, Defra will arrange for the secure destruction or deletion of the Data in accordance with set procedures.

## **9. Data Security**

- 9.1. The Licensing Authority will ensure the safe transmission of the Data to Defra, in accordance with the security requirements of Data Protection Legislation and industry good practice.
- 9.2. Defra will ensure that its Processing of the Data meets the requirements of Data Protection Legislation, HMG Security Policy Framework and Defra's Personal Information Charter.

## **11. Transfer of the Data**

11.1. Defra agrees not to transfer the Data (including access to the Data) to any country outside the UK without the prior consent of The Licensing Authority. This includes transfers of the Data by or to a Processor or Sub Processor used by Defra.

## **12. Data subjects rights**

12.1. Each party will answer any data subject rights requests that are made to them for Data that they are processing as a Controller, in accordance with their obligations under the GDPR.

## **13. Freedom of Information Act 2000 (FOIA) and Environmental Information Regulations 2004 (EIR) Requests**

13.1. Each party will answer any FOIA or EIR requests that they receive, as appropriate, including any requests for information about: the Data for which they are the Controller, the Air Quality Regulations, or this MoU.

13.2. The party who has received the request will consult the other party where it considers that disclosure of information would, or would likely, impact on the interests of the other party.

13.3. The party who has received the request will take into account the views of the other party before deciding whether or not to disclose the information. Specifically, they will:

- a. Allow the other party a period of at least 5 working days to respond to the consultation;
- b. Not disclose any personal data that would breach Data Protection Legislation; and
- c. Not disclose information that would prejudice either the security of the Data or the security arrangements of the other party.

**14. Data Loss Event**

14.1. In relation to Data received from The Licensing Authority, Defra will notify The Licensing Authority immediately of any serious Data Loss Event that meets the threshold for notification to the Information Commissioner’s Office or affected Data Subjects. Such notification will be to a contact nominated by the Licensing Authority. Less serious incidents will be reported on a monthly basis.

**15. Agreement and signatories**

15.1. The parties will review the terms of this MoU on a biannual basis, or sooner if necessary to reflect a material change to any of the provisions in this MoU.

15.2. The parties enter into this MoU intending to honour its provisions, but the MoU does not constitute a legally binding contract and it does not affect the obligations that each party has under the legislation referred to in this MoU.
