

Report to Portfolio Holder for Resources & Reputation

Subject: Calculation of the Council Tax Base for 2021/22

Date: 19th December 2020

Author: Revenues Manager

Wards Affected

All

Purpose

The purpose of this report is:

- 1) To request approval of the council tax base for the financial year 2021/22.

Key Decision

This is not a key decision.

Recommendation(s)

THAT:

In accordance with The Local Authorities (Calculation of Council Tax Base) (England) Regulations 2012, the Portfolio Holder for Resources and Reputation approves the Council's council tax base for 2021/22 as follows:

- 1) For the whole of its area 37,389.96
- 2) In respect of parish precepts, for those parts of its area mentioned in the table below, the amounts specified therein:

Parish	Council Tax Base
Burton Joyce	1,509.80
Calverton	2,214.52
Colwick	859.57
Lambley	510.93
Linby	326.86
Newstead	361.60
Ravenshead	2,740.55
Papplewick	270.81
Stoke Bardolph	237.13
Woodborough	931.58
Bestwood Village	637.76
St Albans	928.08

1 Background

- 1.1 Gedling Borough Council is required to calculate its council tax base each year in accordance with The Local Authorities (Calculation of Council Tax Base) (England) Regulations 2012.
- 1.2 The council tax base is an amount required to be used in the calculation of the council tax by billing authorities and precepting and major precepting authorities.
- 1.3 The calculation determines the total number of band D equivalent properties that will be used in determining the level of council tax in the Council's area in the following financial year.
- 1.4 The calculation must be made no later than 31st January in the financial year preceding the financial year for which the calculation of the council tax base is being made.
- 1.5 The council tax base calculation is the estimated (full year) equivalent number of chargeable dwellings, expressed as the equivalent number of

band D dwellings, in the Council's area after allowing for exemptions, discounts, reliefs, the council tax reduction scheme, demolitions and new dwellings.

- 1.6 The same calculation is also carried out to calculate the council tax base for each of the parishes which fall within the Council's area.
- 1.7 The Council is also required to use an estimate of its collection rate in its council tax base calculation. The estimate used in this calculation (and shown in appendix 1 of this report) is 98.75%.

2 Proposal

- 2.1 It is proposed that the Portfolio Holder approves the council tax base figures set out in the recommendation of this report and detailed in the appendices to this report.

3 Alternative Options

- 3.1 The alternative to the proposal would be to not approve the Council's council tax base which would result in the Council defaulting on a statutory obligation and trigger default calculations being made by the precepting and major precepting authorities.

4 Financial Implications

- 4.1 There are no direct financial implications arising from the calculation of the council tax base. However, the calculation forms the basis of information supporting the setting of the council tax.

5 Legal Implications

- 5.1 In accordance with The Local Authorities (Calculation of Council Tax Base) (England) Regulations 2012, the setting of the tax base by 31st January is a statutory obligation.

6 Equalities Implications

- 6.1 There are no direct equalities implications arising from this report.

7 Carbon Reduction/Environmental Sustainability Implications

7.1 There are no direct carbon reduction/sustainability implications arising from this report.

8 Appendices

8.1 Appendix 1 – Calculation of Council Tax Base

8.2 Appendix 2 – Parish Council Tax Base

9 Background Papers

9.1 None

10 Reasons for Recommendations

10.1 The Council has a statutory obligation to set its council tax base for 2021/22 before 31st January 2021.
