Subject: Quarterly Budget Monitoring, Performance Digest & Virement Report

Date: 7 August 2014

Author: Senior Leadership Team

Wards Affected

Borough-wide

Purpose

- To inform Cabinet of the position against Improvement Actions and Performance Indicators in the 2014/2015 Gedling Plan.
- To seek Cabinet approval for changes to targets as set out in Section 2.1.
- To update Cabinet on the likely outturn of the Revenue and Capital Budgets for the 2014/2015 financial year. The budgets include all carried forward amounts from the 2013/2014 financial year.
- To seek Cabinet approval for budget changes outlined in this report.

Key Decision

This is a Key Decision

Background

- 1.1 The Council has made a commitment to closely align budget and performance management. This is in line with accepted good practice.
- 1.2 To deliver this commitment, systems to monitor performance against revenue and capital budgets, improvement activity and performance indicators have been brought together and are now embedded in the way the Council works.
- 1.3 In addition, performance reports now focus more directly on the Council's priorities and offer an "early warning" system of instance where targets may not be secured.

Proposal

2. Quarterly Progress Report

2.1 Performance Information

- 2.1.1 The Council continues to manage its performance using the Covalent Performance Management system.
- 2.1.2 Against the backdrop of a continuing move away from paper based information towards use of more electronic means, and the government's aspiration for local authorities to be more open and transparent, performance information is now accessible publicly on line on the Council's website.
- 2.1.3 As a result, hard copy performance documents are no longer being routinely produced nor attached to Cabinet agendas – they can, however, be accessed at <http://www.gedling.gov.uk/aboutus/howwework/prioritiesplansperformance/performance/>. Hard copies will only be made available to members upon request.
- 2.1.4 For members and the public accessing performance information through this link, the previous criteria for performance assessment continue to apply. Red, amber and green traffic light symbols continue to be used to show progress for both actions and performance indicators. To be assessed as green, performance indicators must be in line with their profiled performance at this stage of the year, while actions must be on target against milestones set out in Covalent to be assessed as “completed” or “assigned; in progress”. Where Cabinet has agreed to an amended target, progress is assessed against that amended target rather than the original target.
- 2.1.5 Pdf reports for both performance indicators and actions continue to be made available on the website, in the previously agreed format. These documents contain explanations of variances and proposed target changes as previously, along with trend arrows for performance indicators (note that an upward arrow indicates improved performance, irrespective of whether improvement is represented by a higher or lower value) and progress bars for actions showing progress made against project milestones. Hard copies of both reports are available in the Members Room for information.
- 2.1.6 Overall performance at the end of quarter 1 is largely positive. 16 of the 29 performance indicators suitable for quarterly monitoring are on target – of the remainder, 2 are at amber status, 10 are red and data is still awaited for an additional one. It is of course early in the financial year and in general terms it is expected that performance targets set will be reached. All 61 actions are either on target or completed

2.2 Financial Information

2.2.1 Appendices 1 and 2 set out details of the current financial position on the Council's General Fund Revenue Budget and the Capital Programme 2014/15.

2.2.2 General Fund Revenue Budget

Appendix 1 outlines how the General Fund Revenue budget is divided between the Portfolio areas of the Council and includes a detailed variance analysis identifying the current proposed changes for the year against the approved budget for each Portfolio area. Cabinet is recommended to approve these changes.

Included in Appendix 3 is a list of all the virements carried out in Quarter 1 following approval from Portfolio holders.

Alternative Options

- 3 Option – Not to amend the original Council approved budgets during the year to reflect the latest projected outturn position.

Advantages:

- The final outturn position of the Council can be easily compared to its original intentions when the budget was set and areas of budget risk identified.

Disadvantages:

- Budgets not aligned to current budget pressures resulting in increased likelihood of budget overspend and emerging Council priorities not being addressed.
- Restrict the effectiveness of medium term planning process and preparation of the forward budget if pressures and areas of efficiency are not readily identifiable during budget preparation.
- Budget not reflective of latest performance information.

Reason for rejection – Not likely to result in the best outcomes in financial management or support delivery of priorities.

Financial Implications

- 4 The nature of the report is such that it has significant resource implications across the Council. The report itself demonstrates how resources are being managed.
