### **Purpose**

**THAT:**

- 1) Members to note the implementation of Internal Audit recommendations and the revised due date for incomplete recommendations.**

### **1. Background**

1.1 BDO follow up on all High and Medium recommendations raised in our Internal Audit reports to monitor the implementation of these. This report summarises the recommendations that have been completed or remain incomplete, with due dates revised for these recommendations which will continue to follow up with responsible officers.

### **2. Proposal**

2.1 BDO has followed up on all outstanding recommendations due by 17 September 2024. The significant improvement in the engagement from management and the completion of recommendation since the deployment of Pentana in managing the recommendations has been sustained. While this has resulted in a positive direction of travel in the completion of recommendations, as previously reported, we do note that there are recommendations that were raised in 2021/22 or before which remain outstanding, though there has been progress in completing the

majority of these. We will continue to follow up with responsible officers on the implementation of these recommendations.

### **3. Financial Implications**

3.1 There are no financial implications arising directly from this report.

### **4. Legal Implications**

4.1 The Accounts and Audit Regulations 2015 require authorities to undertake effective internal audit to evaluate the effectiveness of risk management, control and governance processes. This report provides the annual position of internal audit for 2023/24 and is provided to Committee in accordance with the Council's Constitution and delegations contained therein.
