### Supporting Statement

This supporting statement has been prepared on behalf of Gedling Borough Council to support the extension of the change of use of Eagle Square for a temporary market for a further additional 24 months. Changes in structure and staffing in the past 6 months mean that the planned formal consultation exercise for a permanent move has not yet been fully completed; this extension will allow the completion of the exercise and to ensure the correct planning and other permissions to be in place for a permanent move. The extension will give continuity and certainty to the traders and allow for the continued positive impact of the market economically and socially on the Primary Shopping Area and on the town itself.
