1. Introduction

- 1.1. The Authority Monitoring Report is based upon the monitoring period **1 April 2023 to 31 March 2024**.
- 1.2. The Authority Monitoring Report is required under Regulation 34 of The Town and Country Planning (Local Planning) (England) Regulations 2012. Regulation 34 can be viewed on the following website <https://www.legislation.gov.uk/ukxi/2012/767/regulation/34/made>.
- 1.3. The National Planning Practice Guidance states that local planning authorities must publish information at least annually that shows progress with Local Plan preparation, reports any activity relating to the duty to cooperate and shows how the implementation of policies in the Local Plan is progressing.
- 1.4. All of the monitoring indicators included in this report and their origins are set out in **Appendix 1**.

2. Development Plan Documents

- 2.1. Development Plan Documents set out the local planning policies for development in the area and comprise the Local Plan, Supplementary Planning Documents and Guidance and Neighbourhood Plans. The Development Plan for Gedling Borough is summarised below.

Local Plan

Greater Nottingham Aligned Core Strategy (Part 1 Local Plan)

- 2.2. The Aligned Core Strategy was adopted in September 2014 and was prepared in conjunction with Nottingham City Council and Broxtowe Borough Council and in close co-operation with Erewash Borough Council and Rushcliffe Borough Council. In 2015, the Councils won the 'Plan of the Year' award by the Royal Town Planning Institute in recognition of their joint working. The document sets out the strategic policy direction for future development in Gedling Borough. The Aligned Core Strategy is available on the Council's web page www.gedling.gov.uk/acs.
- 2.3. See 'Local Development Scheme' below for further information regarding progress on the Greater Nottingham Strategic Plan which, when adopted, will replace the Aligned Core Strategy.

Gedling Borough Local Planning Document (Part 2 Local Plan)

- 2.4. The Local Planning Document was adopted in July 2018 and superseded the Gedling Borough Replacement Local Plan (2005). The document sets out policies for the assessment of planning applications and site specific policies and allocations for new housing, employment, retail, community facilities, recreation and open space, nature conservation and other land uses. The Local Planning Document is available on the Council's web page www.gedling.gov.uk/lpd.

Supplementary Planning Documents and Guidance

- 2.5. Councils may produce Supplementary Planning Documents (SPDs) or guidance to support Local Plan policies. SPDs and guidance can be thematic or site specific and are a material consideration for determining planning applications. The following documents have been adopted in Gedling Borough and are available on the Council's web page www.gedling.gov.uk/resident/planningandbuildingcontrol/planningpolicy/adoptedlocalplanandpolicydocuments/supplementaryplanningdocumentsandguidance:-

- Position Statement on Green Belt Policies LPD 13 and LPD 14 of the Local Planning Document (February 2022)

2.6. During the monitoring period the Council published the Interim Planning Policy Statement: First Homes in October 2022. More recently, the Council has published Planning Guidance on Biodiversity Net Gain (18th April 2024) and adopted a Borough wide Design Code Framework as an SPD relating to new residential development (7th November 2024).

Neighbourhood Planning

2.7. Neighbourhood Plans are prepared and approved by the local community and set out planning policies for the specified neighbourhood area. There are currently four neighbourhood areas in Gedling Borough and more information is available on the Council's web page www.gedling.gov.uk/resident/planningandbuildingcontrol/planningpolicy/neighbourhoodplans. The following progress has been made on neighbourhood plans:-

- Burton Joyce Neighbourhood Plan. Approved by referendum on 29 November 2018 (94% 'YES' vote) and 'made' on 10 January 2019.
- Calverton Neighbourhood Plan. Approved by referendum on 30 November 2017 (94.63% 'YES' vote) and 'made' on 31st January 2018.
- Linby Neighbourhood Plan. Approved by referendum on 2 May 2019 (92% 'YES' vote) and 'made' on 27 July 2019.

- Papplewick Neighbourhood Plan. Approved by referendum on 5 July 2018 (91.34% 'YES' vote) and 'made' on 6 September 2018.

2.8. Neighbourhood Development Orders are prepared and approved by the local community and grant planning permission for specific types of development in a specific neighbourhood area. No such orders have been adopted or are being prepared in Gedling Borough.

Statement of Community Involvement

2.9. The Statement of Community Involvement sets out the Council's approach towards community consultation on planning applications and emerging planning policy documents. The document was last updated in September 2019 and is available on the Council's web page www.gedling.gov.uk/resident/planningandbuildingcontrol/planningpolicy/consultations.

Local Development Scheme

2.10. The Local Development Scheme sets out the Council's programme for preparing documents that will form part of the Local Plan. The Local Development Scheme was last updated in January 2019 and is available on the Council's web page www.gedling.gov.uk/resident/planningandbuildingcontrol/planningpolicy/consultations. The Local Development Scheme sets out the below timetable for the preparation of the Greater Nottingham Strategic Plan.

Table 1: Local Development Scheme timetable

| Stage | Dates |
|---|----------------|
| Starting Evidence Base | September 2018 |
| Consultation on SA scoping report | June 2019 |
| Consultation on Growth Options | September 2019 |
| Draft Publication Consultation | March 2020 |
| Publication of Submission Document | September 2020 |
| Submission of document and sustainability appraisal to Secretary of State | January 2021 |
| Independent Examination Hearings (if required) | June 2021 |
| Adoption | December 2021 |
| Post production (monitoring and review mechanisms) | Ongoing |

2.11. It was not possible to meet the timetable for the 'Consultation on Growth Options' in September 2019 due to unanticipated delays in the Part 2 Local Plan examinations for Broxtowe Borough, Nottingham City and Rushcliffe Borough Councils. Events elsewhere in the country (the Inspectors for the West of England Plan recommended it be withdrawn from examination) highlighted the importance of ensuring the early part of plan making is thoroughly evidence based, and that the Regulation 18 consultation (options) is open and transparent, with a clear audit trail of how the preferred growth strategy has been arrived at. Restrictions on working practices affecting both

the participating councils and consultants undertaking evidence work as a result of the covid-19 pandemic also contributed to delays.

- 2.12. Consultation on the Greater Nottingham Strategic Plan Growth Options document took place between 6 July and 14 September 2020 and the consultation was subsequently reopened between 10 February 2021 and 24 March 2021 to reflect that some comments made during the initial consultation period had been blocked by security software and not received.
- 2.13. The uncertainties around the Government's planning reforms and need to take on board the recently published Integrated Rail Strategy in November 2021 led to some delay to the preparation of the Greater Nottingham Strategic Plan.
- 2.14. Consultation on the Greater Nottingham Strategic Plan Preferred Approach document took place in January/February 2023. The Preferred Approach consultation sought views on the proposed strategy and vision, the approach to housing and employment provision and the proposed strategic sites. A further Preferred Approach consultation on Strategic Distribution and Logistics Sites took place during September – November 2023.
- 2.15. A Publication Draft Greater Nottingham Strategic Plan was published for public consultation on 4th November, with comments invited until 16th December 2024. An updated Local Development Scheme will be prepared for submission.

3. Duty to Co-operate

3.1 The Duty to Co-operate was introduced in the Localism Act 2011 and progress is annually reported through the Authority Monitoring Report.

Local Planning Authorities

3.2 The Council has undertaken the following Duty to Co-operate actions:-

- The Council is preparing the joint Greater Nottingham Strategic Plan with Broxtowe Borough, Nottingham City and Rushcliffe Borough Councils. Consultation was undertaken on the Greater Nottingham Strategic Plan Growth Options document between July and September 2020 and between February and March 2021, which comprises the first formal stage of plan preparation. Consultation on the Greater Nottingham Strategic Plan Preferred Approach document took place in January/February 2023 focusing on the vision and strategy for meeting longer term development needs, including the approach to housing provision and employment need as well as the strategic sites required to meet requirements. A subsequent consultation in September – November 2023 focused on the Preferred approach to strategic distribution and logistics. It is anticipated that a draft Greater Nottingham Strategic Plan will be published for public consultation in November 2024 before being submitted for examination. The Strategic Plan, when adopted, will replace the Councils' Part 1 Local Plans. A joint evidence base is being prepared, some elements in conjunction with other Nottinghamshire authorities including Ashfield District and Erewash Borough Councils.
- The Part 1 Local Plan Aligned Core Strategies (2014) were adopted in partnership with Broxtowe Borough and Nottingham City Councils, with Erewash and Rushcliffe Borough Councils adopting their own Core Strategies but ensuring a high degree of alignment between the Part 1 Local Plans.
- The Planning Obligations Protocol (2014) sets out how cross boundary impacts will be addressed through Section 106 contributions and/or Community Infrastructure Levy.
- The Inspector's Report on the Gedling Borough Council Local Planning Document (Part 2 Local Plan) (2018) confirmed that the legal requirements of the Duty to Co-operate had been met.
- The Council has worked with the Greater Nottingham authorities to prepare a joint statement of common ground, in accordance with paragraph 27 of the National Planning Policy Framework 2021. This was submitted to the Ministry of Housing, Communities and Local Government in late 2018 and a response is still awaited.
- The Greater Nottingham authorities facilitated a housing delivery workshop to consider barriers to the delivery of housing in the light of a significant stock of planning permissions for housing led development. Following this workshop, a development protocol, building on good practice already taking place across Greater Nottingham providers to deliver high quality, sustainable development was endorsed by Joint Planning Advisory Board

and will be adopted and implemented by the partner Councils. Subsequent housing delivery workshops have been facilitated to consider barriers to housing delivery and to explore how to raise the environmental sustainability standard of housing developments.

- The Greater Nottingham Authorities have prepared the joint Strategic Housing Land Availability Assessment (SHLAA) methodology report to facilitate consistency across this area of work.
- Similarly, the Greater Nottingham Authorities have prepared a joint Strategic Employment Land Availability Assessment (SELAA) methodology report to ensure consistency in reporting on employment land availability.

Statutory Consultees

- 3.3 The Council has an ongoing collaborative relationship with statutory consultees including the Environment Agency, Natural England, Historic England, the Highways Authority, Highways England, Homes England and other key partners. Discussions with these organisations informed the evidence base supporting the Aligned Core Strategy (Part 1 Local Plan), the Local Planning Document (Part 2 Local Plan) and neighbourhood plans. This includes taking a collaborative approach towards Sustainability Appraisal, Habitats Regulations Assessment, justification of site allocations and evidence base document where relevant. The Council continues to consult statutory consultees on plan-making matters and relevant planning applications.

4. Demographics of Gedling Borough

4.1. This section is informed by the 2011 Census and the 2021 Census which provides demographic information about Gedling's population. The census is updated every 10 years. Flooding and water quality

5.6. Appendix 1 sets out that the Council will monitor the number of planning permissions implemented against Environment Agency and Local Lead Flood Authority advice, the number of developments incorporating Sustainable Urban Drainage Systems and the area of and number of households within Flood Zones 2 and 3.

Monitoring Indicators: ACS Policy 1 & SA 8 / LPD Policy 3, 4, 5, 6 & SA 8, 9

- Zero planning permissions have been granted contrary to Environment Agency or Local Lead Flood Authority advice (including advice on flood risk, water quality and aquifers) since 2011. The information is available on the following website www.gov.uk/government/publications/environment-agency-objections-to-planning-on-the-basis-of-flood-risk. Where objections from statutory bodies are received the Council takes due regard and technical matters would be satisfied by a planning condition upon granting permission.
- Table 11 shows that there has been an increase of 32.26 hectares of land and 983 houses within Flood Zones 2 or 3 between 2011 and 2024.
- All new buildings granted planning permission since 2011 have either incorporated Sustainable Drainage Systems or a condition was attached to the decision requiring details for the disposal of surface water to be approved before commencement of the development in accordance with the Council's standard approach, to ensure that any flooding risks are fully mitigated.

Waste management facilities

5.7. Appendix 1 sets out that the Council will monitor the number of new waste management facilities by type.

Monitoring Indicators: ACS SA 9, 10 / LPD SA 10, 11

- Table 12 shows that nine new waste management facilities have been granted planning permission by Nottinghamshire County Council as waste authority since 2011. There has been one new waste facilities granted planning permission in the Borough during the monitoring period.

Environmental Protection

Environmental consultees

5.8. Appendix 1 sets out that the Council will monitor the number of planning applications approved against the advice of the Council's Public Protection (Scientific) Officer, the Coal Authority and the Health and Safety Executive.

Monitoring Indicators: LPD Policy 7, 8, 9, 10

- Zero planning applications during the monitoring period were approved against the advice of Gedling Borough Council's Scientific Officer who provides technical advice on land contamination and air quality.
- Zero planning permissions for development have been granted contrary to advice from the Coal Authority since 2011. Where objections from statutory bodies are received the Council takes due regard and technical matters would be satisfied by a planning condition upon granting permission.
- Zero planning permissions for development have been granted contrary to advice from the Health and Safety Executive since 2011. Where objections from statutory bodies are received the Council takes due regard and technical matters would be satisfied by a planning condition upon granting permission.

Air quality management

- 5.9. Appendix 1 sets out that the Council will monitor air quality management and whether development accords with the requirements of the Air Quality and Emissions Mitigation guidance.

Monitoring Indicators: LPD Policy 11 & SA 8, 9

- There is one Air Quality Management Area in Gedling Borough. The A60 Mansfield Road from its junction with Oxclose Lane and Cross Street south to its junction with Egerton Road in Woodthorpe was designated in April 2011 and an Air Quality Action Plan adopted in 2012 and revised/updated in 2019.
- The Department for Environment, Food & Rural Affairs expects local planning authorities to work towards reducing emissions and/or concentrations of PM2.5 (fine particulate matter) regardless of levels. There is clear evidence that PM2.5 has a significant impact on human health, including premature mortality, allergic reactions, and cardiovascular diseases even at very low levels.
- In 2019 the Council updated the 'Air Quality and Emissions Mitigation: Guidance for Developers', which sets out borough-wide measures to help reduce vehicle emissions occurring as a result of development and construction emissions during development. The document is incorporated into Policy LPD 11 of the Part 2 Local Plan.
- The Council's Scientific Officer is consulted on planning applications where issues of air quality and emissions mitigation arise and provides technical comments in relation to interpreting the Air Quality and Emissions Mitigation guidance. It is generally the approach that conditions where appropriate, or otherwise advisory notes, are attached to planning decisions where these are requested. The guidance is given weight under Policy LPD 11. Zero planning permissions have been granted where an objection has been raised by the Council's Scientific Officer.

Green Belt

Green Belt land

- 5.10. Appendix 1 sets out that the Council will monitor the percentage of planning permissions granted contrary to Policy LPD 13 and Policy LPD 14 of the Part 2 Local Plan (proposals that increase the floor space of an existing building or replacement building by more than 50%), the number of homes for rural workers granted planning permission, the location/area of land removed from the Green Belt and progress in producing a Part 2 Local Plan.

Monitoring Indicators: ACS Policy 3 & LPD Policy 13, 14, 16, 17

- The Council adopted the Local Planning Document (Part 2 Local Plan) in July 2018. The Part 2 Local Plan released 215 hectares of Green Belt land across the Borough in accordance with Policy 3 of the Aligned Core

Strategy. This represents a 2% reduction. 73% of Gedling Borough is now Green Belt (8,794 hectares).

- Since the Part 2 Local Plan was adopted, five planning permissions have been granted for disproportionate additions (above 50% of the original floor space), as set out in Policy LPD 13 and Policy LPD 14 of the Part 2 Local Plan. Table 13 sets out the reasons for these.
- Zero homes were granted planning permission for rural workers in the Green Belt (in accordance with Policy LPD 17 of the Part 2 Local Plan) in 2022/23.

| 2022/1242 | Extension 65% over original floor space. The development would result in an overall 30% decrease, as the existing percentage of total increase from original is currently 95%. | 18 May 2023 |
| 2023/0679 | Extension over 50% of original floor space. The proposed development would result in a decrease in floor space over how the building currently stands. | 6 December 2023 |
| 2023/0880 | Extension over 50% of original floorspace. Very Special Circumstances demonstrated. | 2 February 2024 |

Safeguarded land

5.11. Appendix 1 sets out that the Council will monitor the status of safeguarded land and why any planning permissions have been granted.

Monitoring Indicators: ACS Policy 3

- The planning status of each safeguarded land site is set out in Table 14.

Table 14: Planning status of safeguarded land

Natural Environment

Nationally and internationally designated site and species

5.12. Appendix 1 sets out that the Council will monitor Sites of Special Scientific Interest, progress on the designation of Special Protection Areas and losses/gains to priority habitats.

Monitoring Indicators: ACS Policy 17 / LPD Policy 18 & SA 6, 7

- There is one Site of Special Scientific Interest in Gedling Borough which is Linby Quarries, the condition of which is 81.24 % 'favourable' and 18.76 % 'unfavourable – no change'. The information is provided by Natural England (<https://designatedsites.naturalengland.org.uk>). There has been no net change in the monitoring period.
- The potential possible Sherwood Forest Special Protection Area has been considered for being formally proposed for designation since prior to the preparation of the Aligned Core Strategy (Part 1 Local Plan). No progress has been made towards formal designation of the Sherwood Forest Special Protection Area.
- The baseline information on losses and gains in priority habitat is not currently available for Gedling Borough.

Locally Designated Sites

- 5.13. Appendix 1 sets out that the Council will monitor the number, area and net change of Local Nature Reserves, Local Wildlife Sites, Local Geological Sites and the number of Local Wildlife Sites under positive conservation management.

Monitoring Indicators: ACS Policy 16, 17 & SA 6, 7 / LPD Policy 18 & SA 6, 7

- Table 15 shows there are five Local Nature Reserves in Gedling Borough all of which have a management plan in place.
- Tables 16 and 17 set out the number and area of Local Wildlife Sites in Gedling Borough and the number of those under positive management using Single Data List Indicator 160. Information on Local Wildlife Sites and Local Geological Sites is provided by the Nottinghamshire Biological and Geological Records Centre. During 2023/24, a new Local Wildlife Site, described as a former pit spoil heap supporting a mosaic of habitats, was designated at Calverton Colliery and covers an area measuring 138.71 ha. The Lodge Farm Grassland Local Wildlife Site has been removed. However, this has resulted in a substantial increase in the overall area of Local Wildlife Sites. A new Local Wildlife Site at Bestwood Pit Top, a former pit top supporting butterflies of conservation importance, may also be designated in the next monitoring period, subject to surveys being undertaken later this year.
- Table 18 sets out the number and area of Local Geological Sites, which were first identified in 2018.

Woodland and Ancient Woodland

5.14. Appendix 1 sets out that the Council will monitor net changes in woodland area and ancient woodland and the number of planning permissions resulting in the loss of ancient woodland.

Monitoring Indicators: ACS SA 6, 7 / LPD Policy 18 & SA 6, 7

- Forestry Commission statistics on woodland show as at March 2018 there was 1,763.5 hectares of woodland in Gedling Borough. This figure was 1,764.7 hectares in 2014. Forestry Commission reports are available on the following website <https://www.forestryresearch.gov.uk/tools-and-resources/national-forest-inventory>.
- The Forestry Commission recorded approximately 55.1 hectares of ancient woodland in Gedling Borough in 2020. This has decreased from 56.8 hectares in 2019.
- During the monitoring period no planning permissions have been granted that resulted in the loss of trees within designated ancient woodland.

Open Space and Recreational Facilities

Open space

5.15. Appendix 1 sets out that the Council will monitor the setting of green infrastructure policies in the Part 2 Local Plan; the area of new open spaces by type and net change; the number of open spaces and financial contributions towards open spaces secured via Section 106 agreements; the amount of greenfield land lost to new development, and the net change in Local Green Spaces.

Monitoring Indicators: ACS Policy 16 & SA 6, 7/ LPD Policy 20, 21, 22 & SA 2, 6, 7

- The Part 2 Local Plan includes Policy LPD 20 and Policy LPD 21 which seek to protect existing green infrastructure and provide new green infrastructure (10% on sites 0.4 hectares and above).
- Table 19 shows the area of open space in the Borough by type, as recorded by the Council's Parks and Street Care team. It is noted that there may be some overlap between the categories. The 2018 figure equates to the area of open spaces shown on the Local Planning Document Policies Map.
- Table 20 shows the amount of greenfield land lost to new large development for housing (10 dwellings or more) and other uses. For information, land is considered 'lost' upon commencement of development.
- Open spaces committed from s106 agreements are set out in Table 21. A total of two new Section 106 Agreements and one Deed of Variation were completed during the financial year 2023/24. There were no new obligations contained within these agreements in relation to Open Space Contributions.
- Table 22 shows that there are 29 Local Green Spaces in Gedling Borough, which are designated through the adoption of a Development Plan including the Part 2 Local Plan and Neighbourhood Plans. There has been no net loss of designated Local Green Spaces since they were designated. It should be noted that Local Green Spaces in Burton Joyce were designated in the Part 2 Local Plan and not in the Neighbourhood Plan.

The number of new agreements was lower than for the previous year and the nature of the developments that they related to resulted in no Open Space contributions being sought.

 - Four Registered Parks and Gardens.
 - Six Conservation Areas.
 - 144 non-designated heritage assets.

- Further information on Listed Buildings, Scheduled Monuments and Registered Parks and Gardens are available on Historic England's national heritage list website <https://historicengland.org.uk/listing/the-list>. An appraisal for Linby Conservation Area has been reviewed and adopted in November 2021. Work to consider the designation of a new Conservation Area in Gedling is underway. Work has also commenced on the review of the Calverton Conservation Area Character Appraisal (2007) with the intent of preparing a new Conservation Area Appraisal and Management Plan for this Conservation Area. The area currently covered by each Conservation Area is:-
 - Bestwood Village – 15.71 hectares
 - Calverton – 14.25 hectares
 - Lambley – 24.62 hectares

Design

New development

5.19. Appendix 1 sets out that the Council will monitor the density of new development, the number of homes built on residential garden land and progress on setting indicators to improve the standard of design in the Part 2 Local Plan.

Monitoring Indicators: ACS Policy 10 / LPD Policy 33, 34

- The density of new homes delivered on large sites (50 or more dwellings in the urban area and 10 or more dwelling in the rural area) is shown in Tables 26, 27 and 28. The density policy in the Part 2 Local Plan provides the target of no new development of less than 30 dwellings per hectare with the exception of no new development of less than 20 dwellings per hectare in Burton Joyce, Lambley, Ravenshead and Woodborough, no new development of less than 25 dwellings per hectare in Bestwood Village, Calverton and Newstead and locations where there is convincing evidence of a need for a different figure.
- Table 29 shows that since 1 April 2011, 11% of new homes were constructed on residential garden land.
- The Part 2 Local Plan does not include indicators that monitor the improvement of the standard of design given that there is no framework in place to assess standard of design. The Part 1 Local Plan includes Policy 10 (Design and Enhancing Local Identity) and the Part 2 Local Plan includes Policy LPD 32 (Amenity) and Policy LPD 35 (Safe, Accessible and Inclusive Development), all of which are taken into consideration when determining planning applications.
- Following the submission of an expression of interest for the National Model Design Code: Phase 2 pilots the Council were in receipt of a grant

award from the Department for Levelling Up, Housing and Communities in March 2022 to produce a design guide to steer new development in the Borough. The information is available on the following website <https://www.gov.uk/government/news/communities-empowered-to-shape-design-of-neighbourhoods>.

Homes

Housing delivery

5.20. Appendix 1 sets out that the Council will monitor the housing completions (net additional homes); planning progress made on strategic sites and allocated housing sites; the five year land supply of deliverable housing sites; housing completions on previously developed land and windfall sites; and progress made on the Gedling Colliery/Chase Farm as a regeneration site.

Monitoring Indicators: ACS Policy 2, 7 & SA / LPD Policy 40, 64, 65, 66, 67, 68, 69, 70 & SA 1

- The Part 1 Local Plan was adopted in September 2014 and sets the housing requirement. The Part 2 Local Plan was adopted in July 2018 and includes housing allocations in line with the objectives of the Part 1 Local Plan.
- The Department for Levelling Up, Housing and Communities published the results of the Housing Delivery Test for 2022 on 19th December 2023. The 2022 result for Gedling Borough Council was 88% and was based on the three year period 1 April 2019 to 31 March 2022. This was an improvement against the figure of 85% for the 2021 Housing Delivery Test result. The Housing Delivery Test result for 2022 meant that the Council needed to prepare an action plan.
- The Council's Housing Delivery Action Plan was published in April 2024 and has been updated to reflect the result of the Housing Delivery Test 2022. The latest Action Plan is available on the following Council's web page www.gedling.gov.uk/resident/planningandbuildingcontrol/planningpolicy/monitoringreports. As well as including a detailed analysis of the key reasons for the under delivery of the Council's housing requirement the Action Plan identifies the measures the Council intends to undertake to increase/maintain delivery of new housing in Gedling Borough. Many of the actions identified in the previous Housing Delivery Action Plan have already been implemented and a number of actions are ongoing.
- The Council's Five Year Housing Land Supply Assessment 2023 published in December 2024 considers the Borough's supply of housing against the housing target (based on the annual local housing need calculated using the standard method because the housing requirement set out in the Part 1 Local Plan is now out of date). Gedling Borough Council has a 6.19 year supply. The direct web link to the latest five year housing land supply assessment is www.gedling.gov.uk/5yls.
- The Council updates its Brownfield Land Register annually in accordance with the Housing and Planning Act 2015. The latest Brownfield Land Register is available on the Council's web page www.gedling.gov.uk/shlaa.
- Table 30 sets out the housing requirement for the plan period and the number of new homes built since 2011.
- Table 31 sets out progress made with the strategic sites in the Aligned Core Strategy and the housing sites allocated in the Local Planning Document.
- Table 32 sets out the number of housing completions since 2011 on allocated, unallocated and safeguarded land sites. Allocated sites are those that are allocated for residential development in the Local Plan. Unallocated sites are those that are not allocated in the Local Plan, otherwise known as "windfall sites". Safeguarded land is protected from development during the plan period in order to meet longer term development needs.
- Table 33 sets out the number of new home completions on previously developed land or 'brownfield' land since 2011.

- The Chase Farm/Gedling Colliery site is a strategic allocation in the Part 1 Local Plan and was subsequently allocated for housing and employment in the Part 2 Local Plan. A Supplementary Planning Document for the site was approved in 2008. Tables 31 and 40 set out progress made on the residential and employment allocations of this site.

The Local Planning Document includes a phasing policy to ensure that development of the site follows the extraction and progressive restoration of the adjoining quarry. Quarry extraction was scheduled to be complete by 2021, however due to COVID-19 the extraction of clay was slower than expected and consent has since been granted to vary the timing phasing condition. Housing delivery by type

5.21. Appendix 1 sets out that the Council will monitor the number of affordable housing completions (by social, intermediate and affordable rent); the number of housing completions by dwelling type, size, tenure, density and location; the number of planning permissions for specialist accommodation; the number of planning permissions for live work units; and the delivery of self-build and custom homes.

Monitoring Indicators: ACS Policy 8 / LPD Policy 36, 37, 39, 41, 42 & SA 1

- Policy LPD 36 of the Part 2 Local Plan sets out affordable housing requirements of 10%, 20% or 30% dependent on sub-market location. Table 34 shows the overall percentage of housing completions that are affordable, the number of which are social, intermediate and affordable rent.
- Chart 2 shows the types of homes (flat/house) and bedroom size of homes completed since 2011.
- The density of housing completions is set out in Table 26, 27 and 28 above.
- Table 35 shows the specialist accommodation granted permission or built since 2011.
- The Council applies Policy LPD 41 of the Part 2 Local Plan where it is relevant to do so in determining planning applications on live work units. During the monitoring period, one planning permission has been granted for a live work unit.
- The Council maintains a joint self-build and custom housebuilding register with Broxtowe Borough, Erewash Borough, Nottingham City and Rushcliffe Borough Councils. Information on the register is available on the following Council's web page www.gedling.gov.uk/selfbuild. Information from the register has been used to support the determination of planning applications and will inform the implementation of Policy LPD 42 of the Part 2 Local Plan. Table 36 provides the number of entries added to Gedling's register for each base period. The register did not have a local connection test when it was set up in 2016. The register was revisited in 2018 and the revised registration form which now includes local connection criteria was launched on 31 October 2018. As a result of this review the number of entries on the register is split between part 1 and part 2 of the register. Only those who meet the local connection test are entered on Part 1 of the register.
- Table 37 provides the number of suitable self-build and custom build plots for each base period.
- The Council introduced a self-build matchmaker service in June 2021 which aims to match landowners who are considering selling their land with people who want to build their own home within Gedling Borough.

Information on the matchmaker service is available on the Council's web page www.gedling.gov.uk/selfbuild.

Accessibility of homes

5.22. Appendix 1 sets out that the Council will monitor the percentage of households with sustainable access to community facilities.

Monitoring Indicators: ACS Policy 12 & SA 9 / LPD SA 12

- The percentage of households within 800 metres/10 minutes walk of a bus stop with an hourly or better daytime bus service (weekdays 0600-1800) in Gedling Borough is 93%. By comparison the percentage of such households within 400 metres/ 5 minutes walk is 73%. The number of total households with access to public transport is not available. The information is based on data collated in October 2024 by Nottinghamshire County Council Performance, Intelligence and Policy.
- An accessibility score for Gedling has been calculated as 3.83/4.00, based on October 2024 data collated by Nottinghamshire County Council Performance, Intelligence and Policy. Scoring comprises consideration of postcodes in the borough and whether four key tested facilities can be reached within 20 minutes walking, cycling or public transport. Tested facilities include Primary Schools, GP's, Supermarkets and Leisure Facilities.

Empty homes, homelessness and house prices

5.23. Appendix 1 sets out that the Council will monitor the number of vacant homes; the number of homelessness acceptances; average house prices; and population by group.

Monitoring Indicators: ACS SA 1 / LPD SA 1

- The number of empty homes (those that are unoccupied for council tax purposes) by ownership type is set out in Table 38. The Council has taken measures to reduce empty homes including reducing the council tax

discount that empty homes can benefit from, charging a council tax 100% premium on properties that have been empty for two to five years and a 200% premium on properties empty for over five years, operating a service to help owners of empty properties to find investors and employing an Empty Homes Officer.

- The Council takes a proactive approach to bringing empty homes in the Borough back into use. An Empty Homes officer has been in post since June 2017. Chart 3 shows the number of homes brought back into use each year since March 2011.
- The number of homelessness acceptances is set out in Table 39. The Council prevents homelessness in the majority of cases by advocating on behalf of tenants; mediating between young people and their parents; and assisting people to find private or social rented housing. The significant rise in acceptances from 2018/19 reflects changes brought about by the Homelessness Reduction Act 2017.
- Population by group is set out in the demographics section in this report.
- Chart 4 shows the average house prices for all property types (detached, semi-detached, terraced and flats) from March 2011 to March 2022. Information on average house prices are available on the following website <https://landregistry.data.gov.uk/app/ukhpi>.

Gypsy and travellers pitches

5.24. Appendix 1 sets out that the Council will monitor the number of pitches granted planning permission and delivered for gypsy and traveller communities.

Monitoring Indicators: ACS Policy 9 & SA 1 / LPD Policy 38 & SA 1

- The 2016 Gypsy and Traveller Accommodation Assessment indicated that there was a requirement for three additional pitches in Gedling Borough between 2014 and 2029 and the Part 2 Local Plan therefore sets out that a site for three pitches would be identified in the built up area of Gedling Borough.
- No pitches have been granted planning permission or delivered in Gedling Borough since April 2011. The Greater Nottingham and Ashfield Council Gypsy and Traveller Accommodation Assessment (March 2021) confirmed the need for one additional pitch for gypsy and traveller accommodation and eight plots for travelling showpeople up to 2038. The Greater Nottingham authorities will continue to work together on this strategic issue, including through the preparation of the Greater Nottingham Strategic Plan, and the extent of existing and new provision of pitches and plots will be kept under review as will the potential need for stopping places.

Employment

Employment delivery

5.25. Appendix 1 sets out that the Council will monitor planning progress made on strategic and allocated employment sites and the supply/availability of employment land by type and area.

Monitoring Indicators: ACS Policy 4 & SA 12, 13, 14 / LPD Policy 71 & SA 13, 14, 15

- The Town and Country Planning (Use Classes) Order 1987 (as amended) puts uses of land and buildings into various categories known as Use Classes. For any planning applications submitted the Use Classes will be used to determine it. The Use Classes were last updated on 1 September 2020 and the new Class E introduced uses previously defined in the revoked Classes covering employment uses B1. The existing uses B2 and B8 remain unchanged.
- Table 40 shows the progress made on employment allocations in the Part 2 Local Plan.
- Table 41 sets out the available supply of employment land on non-allocated sites with planning permission.

Table 40: Progress made on allocated employment sites

| Allocated Site | Progress and planning status |

| Teal Close | Allocated site for 7 hectares. The Employment Land Needs Study (2021) recalculates the site area as 8.6 hectares gross and 6.45 hectares net. Outline planning permission (2013/0546) granted in June 2014. Reserved matters (2019/0614) in relation to part of the employment area – unit 1 and trade park – was granted in November 2019. The trade park element is 4,905 sq. m of B8 and unit 1 is 2782.4 sq. m for B1, B2 and B8 uses. Permission built in September 2021. Reserved matters (2019/0615) for six employment units within the remainder of the employment area for B1, B2 and B8 uses comprising 10,312 sq. m granted in June 2021. Permission built in September 2022. The employment allocation is now complete. |
| Top Wighay Farm | Allocated site for 8.5 hectares. The Employment Land Needs Study (2021) recalculates the site area as 8.55 hectares gross and 6.5 hectares net based on outline planning permission 2020/0050 for mixed-use development including land for employment purposes (up to 49,500 m2 of B1 and B8 uses) granted in March 2022. The office B1a element is 8,000 sq. m. Planning application for office building use for 3,412 sq. m (on a site area of 5.7 ha) class E (g)(i) within part of the employment allocation (7/2022/0050NCC) granted by Nottinghamshire County Council in July 2022. The site area includes access roads, landscaping and surface water drainage. The site for the office building is estimated to be 1.3 ha and therefore if |

Employment development

- 5.26. Appendix 1 sets out that the Council will monitor the net addition of new office floor space and industrial and warehouse development (i.e. by type and location); the area of employment land lost to residential and other uses; new industrial and warehouse floor space taken up on non-allocated sites; the number of planning permissions granted for rural/employment business development; the percentage of large developments including Local Labour Agreements.
- 5.27. The Council is also monitoring the gross take up of employment land and office space from 1st April 2018 (over 500 sq. m of floorspace or 0.1 hectares and above) to 31st March 2023 in order to coincide with the forecasting period for the Employment Land Study May 2021 undertaken by Lichfields which has assessed employment land needs over the period 2018 - 2038 and used as evidence for the emerging Greater Nottingham Strategic Plan.

Monitoring Indicators: ACS Policy 4 & SA 12, 13, 14 / LPD Policy 44, 45, 47, 48 & SA 13, 14, 15

- There has been no net new office development during the monitoring period (over 1,000 square metres floor space or 1 hectare site size) as shown in Table 42.
- There has been a net loss of industrial and warehouse unit space (over 1,000 sq. m or 1 hectare site size) amounting to minus 999 sq. m during the monitoring period. Gross losses amounted to 2040 sq m due to the change of use of two small industrial sites at Burton Road and Sunnyholme, Greendale Road which was partly offset by a gain of 1,081 sq m at Midland Caterers, Colwick Industrial Estate.
- Between 31st March 2018 and 31st March 2024 no office space has been developed. This amends the position set out in last year's AMR that incorrectly stated 2,299 sq. m of office space was developed between 2018 and 2023. Over the period 31st March 2018 to 31st March 2024, 10.11 ha of industrial / warehousing land have been completed (over 500 sq. m floorspace or 0.1 ha site size).
- Table 43 sets out the area of employment land (above 0.1 hectares) lost to residential or other uses. During the monitoring period there has been a change of use from office to a meditation centre at Gedling House, comprising a loss of 1050 sq. m of office space on a site area of 1.1 ha of land. Two small sites in employment use were redeveloped for residential use at Burton Road (builders yard, 0.23 ha reference 2019/1167) and Sunnyholme, Greendale Road (storage/warehouse, 0.29 ha reference 2022/0108).
- There was one planning application granted for rural employment / business development over the monitoring period under LPD Policy 47 of the Part 2 Local Plan. Conditional planning permission was granted

(reference 2023/0302) for a change of use to an agricultural field granted on 19//10/2023 to secure a recreational dog walking facility on land East of Blidworth Way, Papplewick which is a farm diversification project.

- Table 44 provides a list of developments in Gedling Borough which included local labour agreement. Table 38 reports on the number of local labour agreements in place. It is intended that more detail will be provided in future authority monitoring reports.

Retail and Community Facilities

Retail monitoring

5.29. Appendix 1 sets out that the Council will monitor retail need, the health and diversity of uses of local centres, the proportion of vacant units, the amount of office floor space created in local centres; the number of planning permissions granted for upper floor uses; the amount of retail floor space approved outside of local centres; and the number of planning applications for A1 uses above 500 square metres with an Impact Assessment.

Monitoring Indicators: ACS Policy 6 / LPD Policy 50, 51, 52 & SA 13, 14, 15

- The Town and Country Planning (Use Classes) Order 1987 (as amended) puts uses of land and buildings into various categories known as Use Classes. For any planning applications submitted the Use Classes will be used to determine it. The Use Classes were last updated on 1 September 2020 and the new Class E introduced uses previously defined in the revoked Classes covering retail uses A1, A2, A3 with other retail uses A4 and A5 being under sui generis.
- Retail need has been established in the 'Broxtowe, Gedling, Nottingham City and Rushcliffe Retail Study (2015)' and the findings of which for Gedling Borough are summarised in Table 50.
- Table 51 shows that the health and diversity of Arnold town centre and local centres is monitored by measuring the percentages of uses of ground floor frontages. The target percentages are set out in Policy LPD 50 of the Part 2 Local Plan.
- Vacancies within Arnold town centre and local centres between 2011 and 2024 are also shown in Table 52.
- No new office floor space (over 1,000 sq. m floor space or 1 hectare site size) has been completed in Arnold town centre during the monitoring period.
- No planning permissions were granted for new retail development (over 1,000 sq. m floor space or 1 hectare site size) within town and local centres during the monitoring period.
- Hybrid application for a balancing lagoon (full application) and outline permission for local shops at the Gedling Colliery/Chase Farm site (2020/1255) was granted in December 2021. When implemented, the centre will be added to Tables 51 and 52 in future authority monitoring reports.
- Planning permission (2020/1292) was granted on 21st May 2021 for a new food store comprising 1,818 sq. m which is to be part of the new local centre for the Teal Close strategic site as reported in the previous AMR. This foodstore was constructed during the monitoring period. A reserved matters application was approved on 21st May 2021 (2019/0613) for the appearance, landscaping and layout of the Local Centre comprising of a public house, commercial retail terrace and children's day nursery. The retail terrace (371.6 sq. m) was completed in May 2022. The combined floor area of the food store and local centre is 3,447 sq. m. Full planning permission was granted on 30th November 2023 for a drive through restaurant on the proposed site of the public house within the Local

Centre. When fully implemented, the local centres will be added to Tables 51 and 52 in future authority monitoring reports.

- The amount of retail floor space approved and built outside of defined centres is set out in Table 53.
- Policy LPD 51 of the Part 2 Local Plan has been used to justify planning permissions for change of use of upper floors to retail uses and other uses. During the monitoring period two planning permissions were granted with reference to this Policy as shown in Table 54.
- Zero applications for A1 uses above 500 sq. m, and therefore requiring a Retail Impact Assessment under Policy LPD 52 of the Part 2 Local Plan, were determined by the Council during the monitoring period.

Transport

Parking and transport schemes

5.32. Appendix 1 sets out that the Council will monitor the percentage of planning permissions in accordance with LPD 57; the number of park and ride facilities granted; progress on the delivery of the Gedling Access Road and other schemes promoted in Infrastructure Delivery Plans; the number of major applications approved against County Highways advice; and the number of travel plans agreed.

Monitoring Indicators: ACS Policy 14, 15 / LPD Policy 57, 59, 60, 61

- Policy LPD 57 of the Part 2 Local Plan and the Parking Provision for Residential and Non-Residential Developments SPD (2022) set out parking standards for developments in Gedling Borough. Conformity with Policy LPD 57 is a planning consideration for all proposals in Gedling Borough.
- Zero planning permissions for major development have been granted contrary to advice from the Highways Authority since 2011. Where objections from statutory bodies are received the Council takes due regard and technical matters would be satisfied by a planning condition upon granting permission.
- Zero park and ride facilities have been granted during the monitoring period.
- Progress made on the delivery of transport schemes promoted in Policy 15 of the Part 1 Local Plan and Policy LPD 60 of the Part 2 Local Plan is set out in Table 60.
- There were no travel plans in the Borough approved by Nottinghamshire County Council Highways during the monitoring period. However, one has a discharge of condition (2022/1344DOC) pursuant to planning application Ref: 2020/1292 which relates to the approval of a Travel Plan associated with an application for the “erection of a retail store (Class E) with associated car parking, landscaping and other infrastructure” on Land Off, Teal Close, Netherfield.

Table 60: Progress on local transport schemes supported in Policy LPD 60

| Transport Scheme | Type | Progress |
|--|-------------|--|
| A60 Larch Farm Crossroads Improvements | Road | The improvement scheme was completed on 20 September 2019. |
| A60 Leapool to Sherwood Express Busway | Road | The County Council is currently safeguarding land for this scheme. The project was initially awarded funding from the Transforming Cities Fund (TCF) in March 2020 but the cost to construct the package was significantly greater than the allocated budget and will not be delivered as part of the TCF programme. |
| Gedling Access Road | Road | The Gedling Access Road project commenced construction in January 2020. The new road A6211 Colliery Way opened to traffic on 22 March 2022. The final phase of construction works at Arnold Lane was completed on 15 July 2022. |

| Transport Scheme | Type | Progress |
|---|------|--|
| A612 Daleside Road Improvement (bus priority linked to City Southern Growth Corridor) | Road | Nottingham City Council completed their works on their highway network. No works planned for this section as part of County Council's Transforming Cities programme. |
| A612 Colwick Loop Road (bus priority linked to City Southern Growth Corridor) | Road | The County Council is currently safeguarding land for this scheme. The project was awarded funding from the Transforming Cities Fund (TCF) in March 2020 but will no longer be delivered through the TCF programme. |
| South Notts Rail Network (Netherfield to Gedling route) | Rail | The County Council is currently safeguarding a scheme for possible construction during the third Local Transport Plan for Nottinghamshire 2011-2026 (LTP3). This scheme does not however feature in the current LTP3 implementation programme. |
| Minerals Railway "Robin Hood Line" (near Bestwood Village) to Calverton | Rail | The County Council has acquired the former railway line for a possible multi user trail i.e. cycling and walking. The scheme is currently under investigation with a view to NCC submitting a future funding bid to Active Travel England. |
| Fourth Trent Crossing | Road | No safeguarded scheme at this location. |

Transport usage

5.33. Appendix 1 sets out that the Council will monitor the proportion of households with hourly or better daytime bus services to local centres; the number of cycling trips, the number of public transport trips, traffic growth, travel to work and railway station usage.

Monitoring Indicators: ACS Policy 14 & SA 11 / LPD Policy & SA 12

- The latest traffic growth in Gedling Borough by cars and cycling is shown in Table 61 and provided by Nottinghamshire County Council Highways. Data for the number of individual journeys is not available. The year 2020 saw a decrease in car traffic and a huge increase of 'leisure counters' during the first lockdown during the covid-19 pandemic, i.e. sites with higher number of cyclists at the weekend than on a weekday, which has influenced the data for 2020. 2022 data for car traffic is not available in time for this year's AMR.
- Table 62 provides estimated railway station usage in Gedling Borough which shows reduced station usage due to the covid-19 pandemic during 2020/21. The information is available at the following website <https://dataportal.orr.gov.uk/statistics/usage/estimates-of-station-usage>.
- The main mode of public transport in Gedling Borough is buses. Table 63 sets out the number of bus boardings registered for each service operator. (Data should be treated as indicative as recording depends on the operator).

- In 2021, the proportion of residents who travel to work by bus (6.4%), was lower than 2011 (9.2%). However, the 2021 level remains higher than the figure for the County (3.1%) and national average (4.3%) according to the 2021 Census.
- The percentage of households within 800 metres/10 minutes walk of a bus stop with an hourly or better daytime bus service (weekdays 0600-1800) in Gedling Borough is 93%. The information is based on October 2024 provided from Nottinghamshire County Council Performance, Intelligence and Policy.

Infrastructure and Developer Contributions

Infrastructure delivery

5.34. Appendix 1 sets out that the Council will monitor the implementation of individual schemes in the Infrastructure Delivery Plan and Part 2 Local Plans; that Authority Monitoring reports will be produced and the Infrastructure Delivery Plan periodically updated.

Monitoring Indicators: ACS Policy 18

- The Council updates the Authority Monitoring Report annually reporting on the monitoring indicators of the Part 1 and Part 2 Local Plans policies and the Sustainability Appraisal Monitoring Framework. The Infrastructure Delivery Plan is updated at each stage of local plan preparation and was last comprehensively updated to support the Part 2 Local Plan.
- Given the range and number of projects referred to in the Infrastructure Delivery Plans it would be impractical to report on them in detail as part of the Authority Monitoring Report. However, the Council does periodically review the status of individual schemes and information held on individual schemes can be provided on request.

Community Infrastructure Levy (CIL) and Section 106 contributions

5.35. Appendix 1 sets out that the Council will monitor the adoption of a CIL charging schedule and Section 106/ CIL funding.

Monitoring Indicators: ACS Policy 19

- Gedling Borough Council adopted the CIL charging schedule on 16 October 2015, which is based on a £/sq. m calculation based on the use and location of proposed development.
- The annual Infrastructure Funding Statement published in December each year identifies the Council's priorities for future CIL funding. On 17th April 2024, Council resolved to commence a review of the current Infrastructure List (previously Regulation 123 List).
- The Infrastructure Funding Statement is available on the Council's website www.gedling.gov.uk/cil. Table 64 sets out the key figures relating to CIL receipts.
- The Council annually reports its Section 106 contributions via the Infrastructure Funding Statement and full details are available on the Council's website www.gedling.gov.uk/cil. Table 65 sets out the key figures relating to Section 106 contributions.
