

Climate Impact Assessment

Name of project, policy, function, service or proposal being assessed:	Gedling Borough Council – Private Sector Housing Grants and Assistance Policy 2025			
The main objective of (Private Sector Housing Grants and Assistance Policy 2025):	<ul style="list-style-type: none"> To outline the eligibility criteria and process involved for mandatory and discretionary Disabled Facilities Grants and discretionary Housing Assistance Warm Homes on Prescription Grants To provide technical and financial assistance for vulnerable clients to repair and adapt their homes			
What impact will this (please insert the name) have on the following Please read guidance before completing.				
Category	Negative	Positive	No impact/ Negligible change	Mitigation/ Comments
Behaviour & Culture Change		Some disabled adaptations and energy efficiency improvements will change the way occupants use their properties which will primarily improve health and wellbeing but can also help protect the		

Climate Impact Assessment

		environment through the installation more energy efficient systems.		
Built Environment		The targeted grant assistance will help improve the energy efficiency of the homes some of the most vulnerable residents in the borough		
Transport		Disabled adaptations in some cases will help reduced travel to and from homes for carers and family as service users may be able to live more independently or may require less care and support than prior to adapting their home.		

Climate Impact Assessment

<p>Energy, Natural Resources & Climate Change</p>		<p>Upgrades to heating systems and insulation through warm homes on prescription grants can help reduce energy usage. Maintaining and adapting the housing stock ensures that homes remain occupied and fit for purpose and that the natural resources associated with homes are not wasted.</p>		
<p>Waste Reduction & Recycling</p>			<p>Neither positive or negative impacts.</p>	
<p>Blue-Green Infrastructure/Biodiversity</p>			<p>Neither positive or negative impacts.</p>	
<p>Procurement & Purchasing</p>		<p>Suppliers of equipment associated with disabled adaptations have been procured to ensure economic and environmental benefits</p>		

Climate Impact Assessment

		are maximised through the installation of these measures leading to positive impacts to protect the environment and use of resources.
