

Gedling Local Development Plan

Publication Draft: Sustainability Appraisal Report

Appendix F: Reasonable Alternative Sites in Carlton

May 2026

Serving people, Improving lives

Introduction

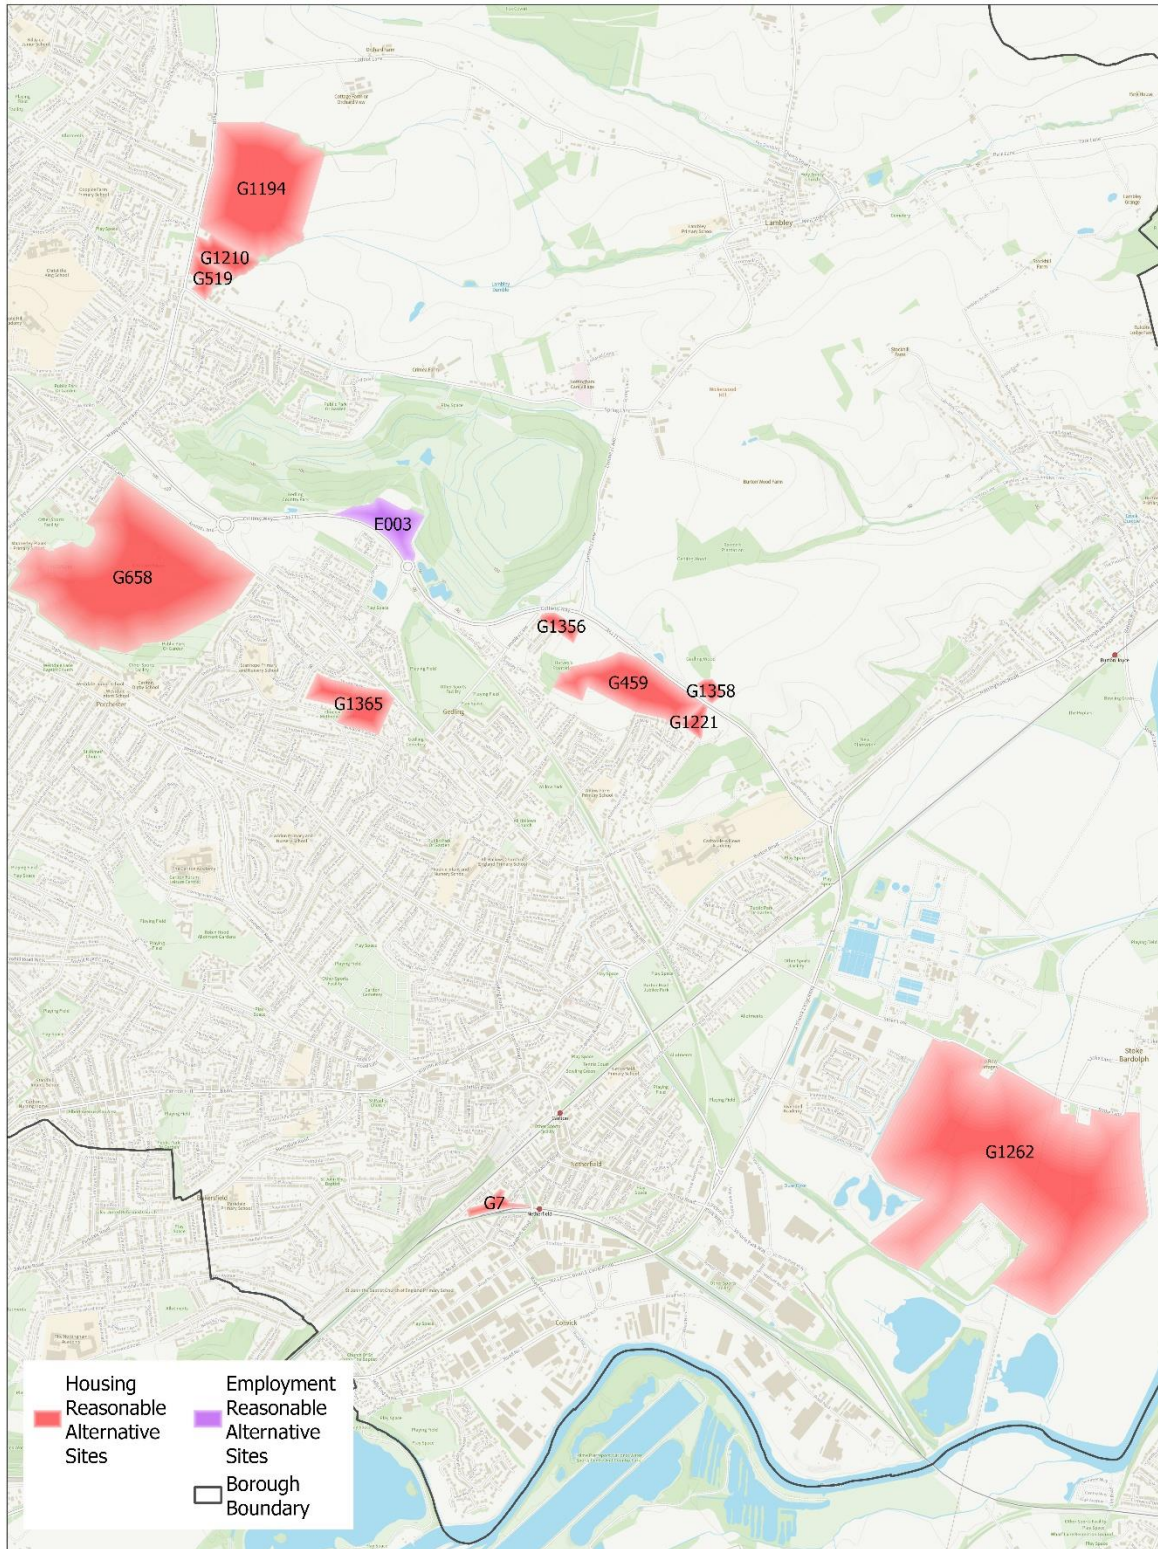

Appendix F contains the sustainability schedules and the full detailed findings of the SA assessment of each of the reasonable alternative options in Carlton.

The SA Matrix used in the SA assessment is included in the SA Main Report.

Contents

G7 Meadow Road Industrial Site	4
G459 Land off Lambley Lane	18
G519 Mapperley Plains (358), Carlton	34
G658 Mapperley Golf Course, Arnold Lane, Carlton	50
G1194 Land East of Mapperley Plains, Carlton	67
G1210 Land East of Mapperley Plains, Carlton	83
G1221 Land at Gedling Wood Farm, Wood Lane, Carlton	99
G1262 Land to east of Teal Close, Stoke Lane, Carlton	115
G1356 Land east of Glebe View Farm, Colliery Way, Carlton	131
G1358 Gedling Wood Farm, Colliery Way, Carlton	147
G1365 Sherwood E-ACT, Wollaton Avenue, Carlton	163
E003 Gedling Colliery Employment Site	178

SA objectives	Site criteria questions	Score	Commentary	Mitigation
1. Housing To ensure that the housing stock meets the housing needs, including gypsies, travellers and travelling showpeople.	Is the site allocated for housing? Will it meet the housing need?	0	The dwelling capacity of the site is 40 homes.	Ensure development includes a range of house types and tenures (including affordable housing) to meet housing need.
2. Employment and Jobs To create employment opportunities.	Will the site provide jobs? Will the site provide job opportunities for unemployed people? Will the site provide new job opportunities in areas of deprivation?	-	Development of housing will result in the loss of jobs. It is unknown the exact number of jobs but is estimated to be less than 50. It is not known whether a local labour agreement would be provided for the construction of houses on site.	Require employment and skills strategy and apprenticeships for local people during construction.

SA objectives	Site criteria questions	Score	Commentary	Mitigation
<p>3. Economic Structure and Innovation To provide the physical conditions for a modern economic structure including infrastructure to support the use of new technologies.</p>	<p>Is the site allocated for employment, retail or mixed use?</p> <p>Is the site allocated for specific employment uses e.g. office-based?</p> <p>Will the site involve the loss of employment, retail or mixed use land?</p> <p>Is the site for new educational buildings?</p> <p>Is the site allocated for mixed live-work units?</p>	<p>--</p>	<p>Development of housing will result in the loss of employment land on the whole site.</p> <p>It is not known whether educational buildings and mixed live-work units would be provided on site.</p>	<p>Encourage the use of local suppliers and contractors during the construction phase and promote the use of local services by future residents.</p>

SA objectives	Site criteria questions	Score	Commentary	Mitigation
<p>4. Shopping Centres Increase the vitality and viability of existing shopping centres.</p>	<p>Is the site allocated for town centre uses or mixed use in the shopping centre?</p> <p>Is the site within 5 minutes (400 metres) walk of a shopping centre e.g. city centre, district centre or local centre?</p> <p>Will the site result in a loss of town centre use or mixed use in a shopping centre?</p>	<p>++</p>	<p>The site is not proposed for town centre uses or mixed use and does not fall within an existing shopping centre.</p> <p>The site is within a 5-minute (400 metres) walking distance of the nearest shopping centre (Netherfield).</p> <p>There would be no loss of a town centre use or mixed use.</p>	<p>Ensure development enhances connectivity with existing shopping centre.</p>

SA objectives	Site criteria questions	Score	Commentary	Mitigation
<p>5. Health and Well-Being To improve health and well-being and reduce health inequalities.</p>	<p>Is the site within 30 minutes travel time of a health facility?</p> <p>Is the site within a 5 minute (400 metres) walk of a recreational area or accessible blue-green infrastructure e.g. country parks, open spaces, playing fields, allotments, watercourses?</p> <p>Will the site result in a loss of recreational area or accessible blue-green infrastructure e.g. country parks, open spaces, playing fields, allotments, watercourses?</p>	+	<p>There is a doctor's surgery in Netherfield (Netherfield Medical Centre - Trentside Medical Group) within a 5-minute (400 metres) walking distance.</p> <p>There are pharmacies (Peak Pharmacy Netherfield and Medina Chemist) within a 5-minute (400 metres) walking distance from the site.</p> <p>The site is within a 5-minute (400 metres) walking distance of the nearest shopping centre (Netherfield) which has health and well-being facilities including a dentist, optician, pharmacy and community centre.</p> <p>Although the site is close to Whimsey Park (Douglas Avenue), which is a Protected Open Space, it lacks pedestrian access.</p> <p>The current use of the site is industrial units, so development on site would not result in a loss of recreational area or accessible blue-green infrastructure.</p>	Ensure development enhances connections into nearby recreational areas or accessible blue-green infrastructure.
<p>6. Community Safety To improve community safety, reduce crime and the fear of crime.</p>	<p>Will the site be designed to contribute to a safe secure built environment through designing out crime?</p>	?	<p>Uncertain as the impact of development upon crime is dependent upon design and a series of secondary factors not related to site allocation.</p>	Ensure policies in the Local Plan in general promote a safe secure environment for new development.

SA objectives	Site criteria questions	Score	Commentary	Mitigation
<p>7. Social Inclusion To promote and support the development and growth of social capital and to improve social inclusion and to close the gap between the most deprived areas within the plan area.</p>	<p>Is the site within a 5 minute (400 metres) walk of community facilities e.g. post office, community centres, leisure centres, libraries, schools etc.?</p> <p>Will the site result in a loss of a community facility?</p> <p>Is the site located in or adjoining a deprived area?</p>	<p>++</p>	<p>Netherfield Pre School is within a 5-minute (400 metres) walk of the site. However, there is no primary school within a 5-minute (400 metres) walking distance of the site.</p> <p>School provision is available within 30 minutes travel time by public transport, walking and cycling from the site including Rivendell Flying High Academy, Carlton le Willows Academy and Netherfield Primary School. St John The Baptist Primary School is located nearby, but the railway line forms a boundary separating it from the site.</p> <p>Netherfield local centre has community facilities including post office, community centre, leisure centre, supermarket and bank (ATM) within a 5-minute (400 metres) walk of the site.</p> <p>The current use of the site is industrial units, so development would not lead to the loss of a community facility.</p> <p>The site is not located within or adjoining a deprived area (30% most deprived area).</p>	<p>Ensure access to community facilities to support the development are provided.</p>

<p>8. Transport To make efficient use of the existing transport infrastructure, help reduce the need to travel by car, improve accessibility to jobs and services for all and to improve travel choice and accessibility.</p>	<p>Is the site accessible by public transport?</p> <p>Is the site located in or adjoining the main built up area and has direct route(s) from the site to existing businesses and shopping centres?</p> <p>Is the site within 30 minutes public transport time of community facilities, schools, retail centres and employment areas?</p>	<p>++</p>	<p>The site is located in the main built-up area of Nottingham.</p> <p>Netherfield train station is within a 5-minute (400 metres) walk of the site. There are bus stops on Victoria Road, Meadow Road, Morris Street and Kenrick Street for the following bus services: N26, 44, 44A, 773, 774, 775. The bus service number 44/44A is a regular and frequent service (up to every 10 minutes) between the city centre and Gedling. Bus 774 is an orbital service route connecting Netherfield and Gedling which operates from Monday to Friday. However, this is not a frequent service and only operates between 7:20am and 5:20pm (every 2 hours).</p> <p>The site is within a 5-minute (400 metres) walk of a primary school, community centre, leisure centre, bank (ATM), dentist, pharmacy, optician GP surgery and shopping centre.</p> <p>There are employment areas within 30 minutes travel time by public transport, walking and cycling from the site (Colwick Business Park and Victoria Business Park).</p> <p>Colwick Business Park and Victoria Business Park are located within 30</p>	<p>Major public transport improvements.</p> <p>Ensure connectivity to the site by non-car modes.</p>

landscape character.	<p>Will it conserve, enhance or restore the features and characteristics of the landscape in the present form?</p> <p>Will it create a new landscape character?</p>		<p>(MN015). The landscape condition is good and the character strength of the area is strong. The overall landscape strategy is to 'conserve'.</p> <p>The Gedling Landscape and Visual Analysis (2025) states the site is located on undulating landform to the north of Carlton, comprising arable farmland, areas of rough grassland and roadside bund to the south of the A6211. Visibility of the site is varied, with some localised screening by provided vegetated boundaries and some longer, open views available from elevated locations. The value of the landscape within the study area is considered to be medium, due to many natural heritage and recreational features, cultural heritage and condition of landscape features. There is medium landscape susceptibility to the proposed development type, due to the increased perception of the urban edge on elevated landform. There is low visual value and medium visual susceptibility associated with high numbers of receptors associated with the settlement edge and longer views. Overall, the landscape and visual sensitivity is medium. The site is able to accommodate development with an appropriate mitigation strategy.</p>	<p>appropriate landscape character assessments and design and access statements specifically address landscape impacts.</p> <p>Ensure development retains and utilises existing landscape features and incorporates blue-green infrastructure, sensitive design and layouts to reduce visual intrusion upon the landscape.</p> <p>Retain and enhance boundary vegetation, keep development below the 75m contour line to limit visibility and incorporate a landscape buffer and green corridor along the public rights of way.</p>

G1221 Land at Gedling Wood Farm, Wood Lane, Carlton

Factors	Details
SHLAA reference	G1221
Size	0.96 ha
No of dwellings/ estimated employment floorspace	The site has a dwelling capacity of 27 based on 28 dwellings per hectare in accordance with the SHLAA Methodology.
Existing Use	Agricultural land

SA objectives	Site criteria questions	Score	Commentary	Mitigation
1. Housing To ensure that the housing stock meets the housing needs, including gypsies, travellers and travelling showpeople.	Is the site allocated for housing? Will it meet the housing need?	+	The dwelling capacity of the site is 27 homes. The site provides at least 50 houses in conjunction with adjoining sites (G459) adjacent to the main built-up area of Nottingham.	Ensure development includes a range of house types and tenures (including affordable housing) to meet housing need.
2. Employment and Jobs To create employment opportunities.	Will the site provide jobs? Will the site provide job opportunities for unemployed people? Will the site provide new job opportunities in areas of deprivation?	0	No impact as the site is not proposed for employment, retail or mixed use purposes and is proposed solely for housing development. It is not known whether a local labour agreement would be provided for the construction of houses on site.	Require employment and skills strategy and apprenticeships for local people during construction.

G1262 Land to east of Teal Close, Stoke Lane, Carlton

Factors	Details
SHLAA reference	G1262
Size	87.75 ha
No of dwellings/ estimated employment floorspace	The site has a dwelling capacity of 500 (promoted by agent) and employment provision of up to 7.5 hectares (promoted by agent)
Existing Use	Agricultural land

SA objectives	Site criteria questions	Score	Commentary	Mitigation
1. Housing To ensure that the housing stock meets the housing needs, including gypsies, travellers and travelling showpeople.	Is the site allocated for housing? Will it meet the housing need?	++	The dwelling capacity of the site is 500 homes. The site provides 50+ houses adjacent to the main built-up area of Nottingham.	Ensure development includes a range of house types and tenures (including affordable housing) to meet housing need.
2. Employment and Jobs To create employment opportunities.	Will the site provide jobs? Will the site provide job opportunities for unemployed people? Will the site provide new job opportunities in areas of deprivation?	++	The site is promoted for mixed use development comprising land for employment purposes and would provide a large number of new jobs. It is not known whether local labour agreement would be provided for the construction of houses on site.	Require employment and skills strategy and apprenticeships for local people during construction.

Natural Environment, Biodiversity and Blue-Green Infrastructure To increase biodiversity levels and protect and enhance blue-green infrastructure and the natural environment.</p>	<p>Will it meet the biodiversity net gain requirements?</p> <p>Will it result in a loss of all or part of or impact on a designated site of nature conservation interest?</p> <p>Is the site adjacent to a designated site of nature conservation interest?</p> <p>Will it involve the loss of existing habitats or trees/hedgerows/woodland or loss of connectivity?</p> <p>Will the site include the provision of on-site or off-site open space?</p> <p>Will the site involve the loss of existing open space?</p> <p>Will the site improve the underused or undervalued open space?</p>	-	<p>It is expected that the site would meet the biodiversity net gain requirements.</p> <p>Site adjoins two Local Wildlife Sites 5/210 Netherfield Dismantled Railway Sidings and 2/379 Netherfield Pits and Netherfield Lagoons Local Nature Reserve.</p> <p>Development on site would result in the loss of existing trees and hedgerows.</p> <p>Site adjoins a protected open space.</p> <p>No indication at this stage if offsite or onsite open space would be provided.</p> <p>The current use of the site is agricultural land so there would not be a loss of open space.</p>	<p>Avoid developing in close proximity to the nearby Local Wildlife Sites.</p> <p>Requirement for at least 10% biodiversity net gain, with on-site provision a priority as it is a greenfield site.</p> <p>Protect and enhance green infrastructure provision.</p> <p>Retain where possible and enhance trees and hedgerows within the site.</p> <p>Ensure onsite and where possible off site open space is retained and enhanced.</p>

<p>14. Landscape To protect and enhance the landscape character.</p>	<p>Will it have an adverse impact on local landscape character?</p> <p>Will it conserve, enhance or restore the features and characteristics of the landscape in the present form?</p> <p>Will it create a new landscape character?</p>	-	<p>The Greater Nottingham Landscape Character Assessment (2009) shows the site is mostly within the Stoke Bardolph Village Farmlands (TW PZ 5) and a small portion of the site lies within the Stoke Lock Meadowlands (TW PZ 51). For the Stoke Bardolph Village Farmlands (TW PZ 5) the landscape condition is very poor and the landscape sensitivity of the area is very low. The overall landscape strategy is to 'create'. For the Stoke Lock Meadowlands (TW PZ 51) the landscape condition is moderate and the landscape sensitivity of the area is moderate. The overall landscape strategy is to 'conserve and create'.</p> <p>The Gedling Landscape and Visual Analysis (2025) states the site is located on flat land forming part of the Trent Valley to the southeast of the urban extents of Carlton and south of the rural settlement of Stoke Bardolph. The visibility of the site is varied, although generally limited by flat landform combined with layers of vegetation. The value of the landscape within the study area is considered to be medium due to natural heritage features and recreational amenity, with elements of scenic quality and sense of remoteness. There is medium landscape susceptibility to the proposed development type, as a result</p>	<p>Ensure development proposals are supported by appropriate landscape character assessments and design and access statements specifically address landscape impacts.</p> <p>Ensure development retains and utilises existing landscape features and incorporates blue-green infrastructure, sensitive design and layouts to reduce visual intrusion upon the landscape.</p> <p>Provide a landscape buffer and avoid development in the northeast of the site where development would be unsuitable in landscape and visual terms to prevent coalescence of the urban area with Stoke Bardolph. This would include the retention,</p>
---	---	---	--	---

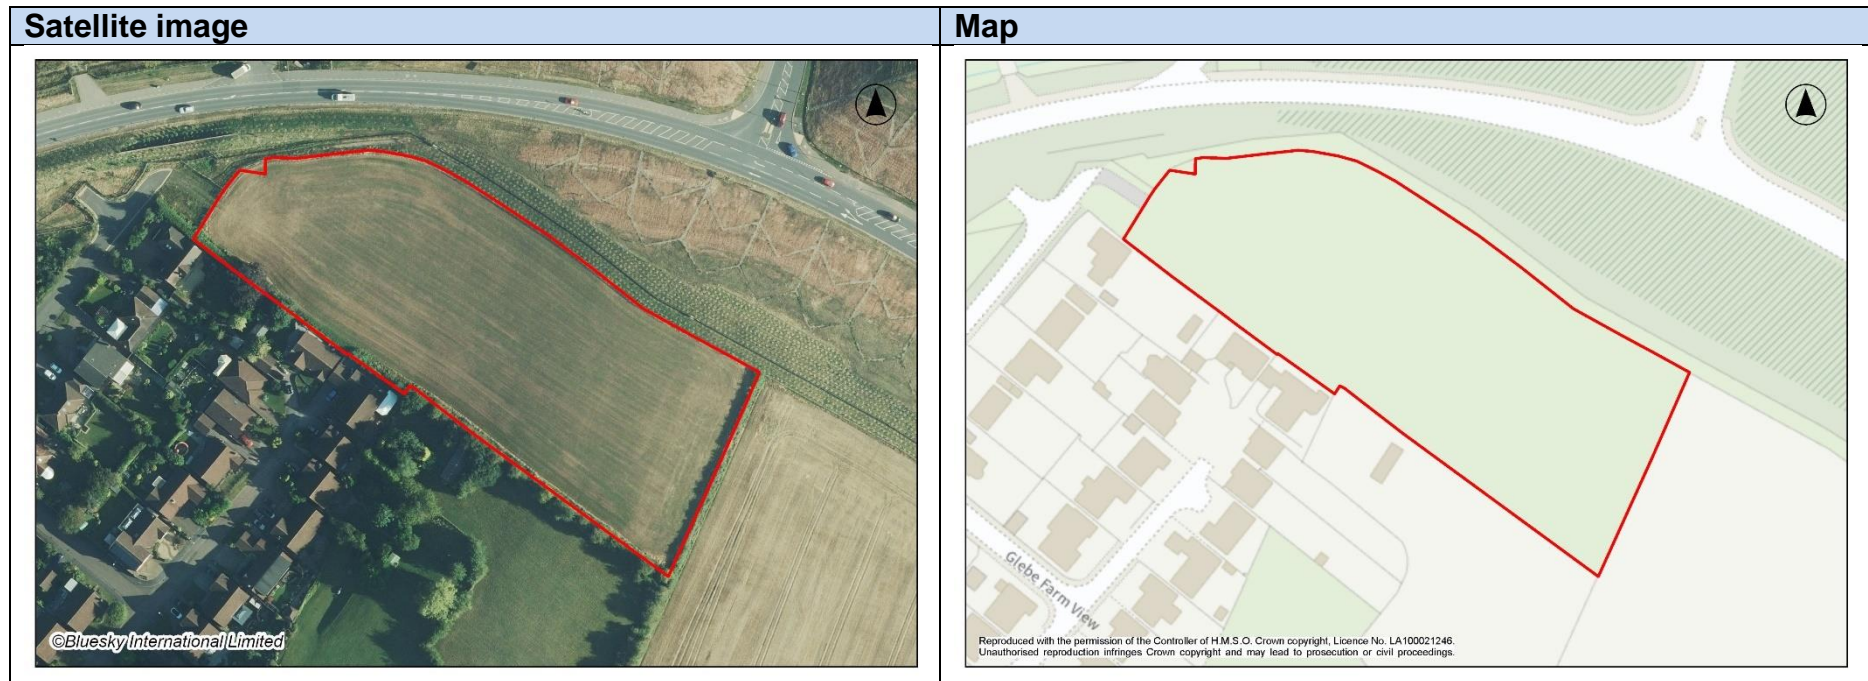

SA objectives	Site criteria questions	Score	Commentary	Mitigation
			<p>of the large scale of extension resulting in loss of tranquillity and coalescence of Stoke Bardolph and Carlton. There is low visual value and medium visual susceptibility, associated with the public rights of way network and existing rural views of residential and recreational receptors. Overall, the landscape and visual sensitivity is Medium. The site is able to accommodate development with an appropriate mitigation strategy.</p>	<p>enhancement and new planting of field boundary vegetation and consideration of local vernacular and settlement form in the design of the new development.</p>

<p>15. Built and Historic Environment To protect and enhance the townscape character and enhancing the place through good design. To conserve designated and non-designated heritage assets and their setting and provide better opportunities for people to enjoy culture and heritage.</p>	<p>Will it result in development that is sympathetic to its surrounding in terms of design, layout and scale?</p> <p>Will it result in a loss of or harm the significance of designated or non-designated heritage asset(s) or its setting?</p> <p>Will it enhance or better reveal the significance of the heritage asset?</p> <p>Will it promote heritage based tourism or heritage led regeneration?</p> <p>Will it lead to the adaptive reuse of a heritage asset?</p>	<p>--</p>	<p>The north-western boundary adjoins the small village of Stoke Bardolph and would be within 0.5 km by road distant from the Grade II Listed Lowes Farmhouse. Other non-designated heritage assets are closer including 22 Stoke Lane which is in close proximity to the site boundary, 27/28 Stoke Lane, 35/37 Stoke Lane, Stoke House and St Lukes Church. The significant designated and non-designated heritage assets include farmhouses, workers cottages and church in a small linear village located within a rural setting. There would be harm to the setting of the non-designated heritage assets within Stoke Bardolph and the Grade II Listed Lowes farmhouse through encroachment to the approach in to Stoke Bardolph from the west, the Listed Building drawing significance from the small hamlet and its rural setting.</p> <p>Railway Bridge – distance, topography and intervening development and vegetation limits views to and from this heritage asset from the site. No significant impact</p> <p>Archaeology - considered very high potential for significant Bronze Age, other pre-historic archaeology and Roman archaeological remains. High potential for medieval remains.</p>	<p>That part of the north-west field and the northern and north-east fields adjacent to St Lukes Way on its south side enclosed by hedgerows and closest to the village of Stoke Bardolph remains undeveloped in order to preserve the rural open landscape character of Stoke Bardolph and setting of the heritage assets there.</p> <p>Archaeology - minimum requirement for Desk-Based Assessment (DBA), geophysical survey and trial trench evaluation to meet Para. 207 of NPPF and establish character, extent and significance of archaeological remains within the site boundary.</p>
