

Licence to temporarily site a mobile health unit Druids Car Park

The Nottingham University Hospitals NHS Trust would like to continue to site a mobile trailer health unit to run clinics for COPD diagnostic testing in Arnold at Druids Car Park after an extremely good uptake from the Arnold area patient group.

The trailer has its own integrated diesel generator so doesn't have any trailing leads or require additional cones or safety barriers. It is accessed by fixed, integrated stairway on one side and has a coach-lift to allow access by wheelchair users or those unable to climb the stairs.

Signage will be provided by 2 A frame steel sign-boards. Other than that clinic times and contact details are attached to the outside of the vehicle. A barrier is placed across the stair-way when not in-use. The unit is locked and alarmed and is insured for losses by the Trust. In addition the Trust has it's own public liability (LTPS) and General Risk Assessment.

The terms are shown below:

Licensor	Gedling Borough Council (GBC)
Licensee	Nottingham University Hospitals NHS Trust
Premises	A specified area of Druids Tavern Car Park.
Licensor's use	The trailers specification requires 10 parking spaces (outlined red on the plan), so this can be parked across the parking bays with access being required from one end to allow manoeuvring when the cab comes to site as well as for refuelling / water tank tending. They also require 2 parking spaces outlined red on the plan) with parking permits for members of staff onsite.
Term	Extension to original licence to and including 11 th July 2025.
Licence fee	Licence fee waived.
Use	To continue to site a mobile medical research trailer within the car park for public use within specified days and times.
Restrictions	No smoking will be permitted on the premises. Anyone using the premises will not be permitted to make a nuisance of themselves.

	Operation hours are between 8:00am – 4:00pm
Cleaning/ Maintenance	The car park to be returned to the Council in the same condition.
Insurance	Public Liability Insurance held.

Request for approval:

This mobile trailer and service provides the community with local, accessible, COPD diagnostic testing. For this reason, it is requested that approval be granted.
