

Audit Strategy Memorandum

Gedling Borough Council – Year ending 31 March 2026

October 2026

Audit Committee
Gedling Borough Council

20th October 2026

I am pleased to present our Audit Strategy Memorandum (“ASM”) for Gedling Borough Council for the year ended 31 March 2026. This document will be presented at the Audit Committee meeting on 20th October 2026. If you would like to discuss any matters in more detail, please contact me on Mark.Surridge@Mazars.co.uk

This report provides an overview of the planned scope and timing of our audit, including the significant and enhanced audit risks we have identified. In addition, as it is a fundamental requirement that we are, and are seen to be, independent of Gedling Borough Council this report also summarises our considerations and conclusions on our independence.

Two-way communication with you is key to a successful audit and is important in:

- Reaching a mutual understanding of the scope of our audit and our respective responsibilities,
- Sharing information to assist each of us with fulfilling our respective responsibilities,
- Providing you with constructive observations arising during our audit, and
- Ensuring that we gain an understanding of your attitude and views in respect of the risks facing the Council which may affect our audit, including the likelihood of those risks materialising and how they are monitored and managed.

This report, which we have prepared following our initial planning discussions with management, facilitates a discussion with you on our audit approach. We welcome any questions, concerns, or input you may have on our approach.

Providing a high-quality service is extremely important to us and we strive to provide technical

excellence with the highest level of service quality, together with continuous improvement to meet your expectations.

During the meeting, we would be grateful for your views/ knowledge on the following specific matters:

- Whether you have identified any other risks (business, laws & regulation, fraud, going concern, etc.) that may result in material misstatements in the financial statements.
- If there are any matters that you consider warrant particular attention during our audit and/ or any areas where you would like additional procedures to be undertaken.

Subject to our prior written agreement or as required by any applicable law or regulation, this report is considered confidential and is intended solely for Audit Committee and should not be disclosed to any other party, used or quoted for any other purpose.

Yours faithfully,

Signed by:

D6A6AF908BD047D...

Audit scope, approach, and timeline

Audit risks and other significant matters

Significant risks

In this section, we have set out the significant and enhanced audit risks we have identified and our planned response. If we identify additional risks or change our risk assessment during our audit, we will report this to you. Refer to Appendix A for definitions. We have also set out in this section of the report any other significant matters that we consider should be brought to your attention.

Risk	Description	Our planned response
Management override of controls	Management at various levels within an organisation are in a unique position to perpetrate fraud because of their ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. Due to the unpredictable way in which such override could occur, we are required by auditing standards to identify a significant risk of management override of controls on our audit.	• Consider the design and implementation of key financial controls, including relevant IT general controls, where they are relevant to our audit approach. • Test the appropriateness of journals and other adjustments made in the preparation of the financial statements, using data analytics to identify journals exhibiting characteristics associated with fraud risk.
Valuation of Land and Buildings	The Council's Balance Sheet includes material property balances, including Land and Buildings of £28.4m, Investment Properties of £4.3m and Assets Held for Sale £1.8m at 31 March 2026. Property assets are measured using valuations prepared by management's experts and involve significant judgement regarding assumptions, market evidence, asset condition, useful lives and valuation methodologies. In addition, 2025/26 is the first year of implementation of the revised CIPFA Code requirements relating to the measurement and disclosure of property, plant and equipment, increasing the risk of material misstatement within property valuations and related disclosures.	• Evaluate the competence, capabilities and objectivity of the Council's valuers. • Obtain an understanding of, and assess, the valuation methodologies and key assumptions used by management's experts. • Test the key inputs and assumptions in the valuation calculations • Consider whether there have been any indicators of impairment or significant movements in value requiring revaluation. • Assess the Council's implementation of any changes arising from the 2025/26 CIPFA Code requirements relating to property valuations.

Audit risks and other significant matters

Significant risks - continued

Risk	Description	Our planned response
Valuation of the Defined Benefit Pension/Asset	The Council participates in the Local Government Pension Scheme and reports a net defined benefit pension liability of £6m as at 31 March 2026. The gross pension liabilities of £96.7m and pension assets of £108.5m are also material disclosures to the financial statements. The valuation of the pension position involves significant estimation uncertainty arising from actuarial assumptions including discount rates, inflation, salary growth, mortality rates and the application of the asset ceiling. For 2024/25 and 2025/26, the impact of the asset ceiling also had material effect on the reported pension position. Given the materiality of the balances involved and the complexity of the underlying assumptions and actuarial calculations, we have identified the valuation of the defined benefit pension asset/liability as a significant audit risk.	• Use our auditor's actuarial specialists to assess the reasonableness of key actuarial assumptions and the application of the asset ceiling. • Test the accuracy and completeness of the employee and financial data provided to the actuary. • Reconcile the pension fund assets and liabilities disclosed in the accounts to actuarial reports and supporting records. • Assess the reasonableness of disclosures relating to the pension scheme and significant actuarial judgements.

Re-building assurance

Background

A range of factors have led to delays in local authority financial reporting and audit over a number of years. Legislation passed by government in 2024, the Accounts and Audit (Amendment) Regulations 2024, addresses the backlog by introducing a series of ‘backstop dates’ by when local authorities or similar bodies must publish financial statements, even if the audit is not completed.

On 25th February 2026, we disclaimed our opinion on the Council’s 2024/25 financial statements. This followed on from disclaimed opinions issued previously in respect of the Council’s 2023/24, 2022/23 and 2021/22 financial statements. We issued a disclaimer of opinion because there was not sufficient time to complete all required audit procedures in advance of the backstop date to enable us to form an opinion on the financial statements. As a result, we do not have assurance over all opening balances for the 2025/26 financial statements. This absence of assurance relating to previous years presents particular challenges in relation to reserve balances as these reflect transactions posted in earlier years, including transactions which maintain the split between usable and unusable reserves that is required to comply with the local authority financial reporting framework. We have summarised in the table below the opinions we have issued since the Amendment Regulations came into effect.

Opinions issued since The Accounts and Audit (Amendment Regulations) came into effect			
Financial Year	Opinion Type	Date of Opinion	Commentary
2021/22 & 2022/23	Disclaimed	13 December 2024	Our work was paused during the audit of the 2021/22 financial statements due to a police investigation of a former member of the Council’s finance team. This investigation was not concluded until October 2024. The identified fraud delayed our work and increased audit risk, particularly relating to the Council’s ledger system. We therefore we unable to obtain sufficient assurance by the first backstop date in December 2024.
2023/24	Disclaimed	26 February 2025	Between the conclusion of the 2021/22 & 2022/23 audits noted above and the second backstop date in February 2025, we did not have sufficient time to complete the necessary procedures to gain assurance over the Council’s 2023/24 statement of accounts.
2024/25	Disclaimed	26 February 2026	Due to the previously disclaimed opinions for 2021/22, 2022/23 and 2023/24, we did not have assurance over the opening balances into the 2024/25 audit year. NAO guidance on how to approach rebuilding assurance for authorities in Gedling’s position was published in June 2025. Internal guidance and our initial risk assessment on the work required meant there was not sufficient time to complete the necessary procedures before the third backstop date in February 2026. From the value for money work performed, we were able to conclude that there was evidence that the previously identified significant weakness in internal control had been satisfactorily addressed

Re-building assurance

Our planned work on the financial statements for 2025/26

We are currently in the process of updating our initial risk assessment procedures in relation to rebuilding assurance at the Council. For 2025/26 it is anticipated that we will be able to undertake initial procedures to support the full rebuilding approach to be applied in 2026/27. The focus of our work in 2025/26 will be on:

- Closing balances as at 31 March 2026 for key elements of net assets and net liabilities on the Balance Sheet.
- Reviewing the design and implementation of controls relating to journal entry testing and IT General Controls
- Reviewing the design and implementation of controls relating to identified significant risk areas

We have determined that we should focus on these areas as they will support the rebuilding of assurance in subsequent years. We will continue to work with Management to develop our timetable and strategy for rebuilding assurance in 2026/27 and future years in line with guidance issued by the National Audit Office.

The success of our programme of work to rebuild assurance will depend on management adhering to the agreed timeline for this work and recognising that it will be necessary to provide prompt responses to audit queries relating to the current year and previous financial years. The table below sets out an illustrative example of how the type of audit opinion given could change over the coming financial years following the successful completion of our planned work to rebuild assurance. We will provide regular updates on our rebuilding progress to the Audit Committee through our Audit Progress Reports and will report the outcome of this work in our Audit Completion Report, which is anticipated to be presented to the Audit Committee later this year.

Potential future opinion based on planned rebuilding programme			
Financial Year	Opinion Type	Publication Deadline	Notes
2025/26	Disclaimed	30 January 2027	Subject to the satisfactory conclusion of planned procedures in the agreed timeline, we will have gained assurance over the majority of the closing balances as at 31 March 2026. However, we will not have sufficient assurance over the brought forward balances not audited in previous years. We will also not have sufficient assurance over in year movements and the Comprehensive Income and Expenditure Statement.
2026/27	Qualified	30 November 2027	The auditor has assurance over the closing balances plus in-year movements in the current period, but still does not have sufficient assurance over the prior year comparators.
2027/28	Qualified	30 November 2028	The opinion is still qualified as, with the exception of the Balance Sheet, the auditor cannot express an opinion on the comparability of amounts reported in the current period's primary statements with the corresponding figures for the prior year reported in those statements. However, for the following audit period, whether for Gedling as a standalone entity or as part of a larger unitary as part of LGR, the position will be resolved.

Materiality

We consider gross revenue expenditure on a surplus/deficit on provision of services level to be the key focus of the users of the financial statements. We have therefore determined our initial materiality levels using this as the benchmark.

We expect to set financial statement materiality as 2% of gross revenue expenditure as reported in the Council’s draft 2025/26 statement of accounts, as set out in the table adjacent.

We will continue to monitor materiality throughout our audit to ensure it is set at an appropriate level.

We will accumulate misstatements identified during our audit that are above the reporting threshold set out in the table adjacent, i.e., any misstatements that we identify that are above the reporting threshold will be reported to you and management. Any misstatements that we identify that are below that amount would not need to be reported because we expect that the accumulation of such amounts would not have a material effect on the financial statements. If you have any queries about our reporting threshold, please raise these with me.

Each misstatement above our reporting threshold that we identify will be classified as **adjusted** (corrected by management), or **unadjusted** (not corrected by management). We will report all misstatements above the reporting threshold to management and request that they are corrected. If they are not corrected, we will report each misstatement to you as unadjusted misstatements and, if they remain uncorrected, we will communicate the effect that they may have individually, or in aggregate, on the financial statements and our audit opinion

Misstatements also cover qualitative misstatements and quantitative and qualitative misstatements and omissions relating to the notes of the financial statements.

	2025-26 £’000s
Overall materiality	1,025
Performance materiality	615
Clearly trivial	30

Fees

Audit fees and other services provided by Forvis Mazars LLP

Our fees (exclusive of VAT) for the audit of the financial statements for the year ended 31st March 2026, and for any non-audit assurance services or other non-audit services provided by Forvis Mazars LLP in the period, are outlined in the table adjacent.

Our fees are designed to reflect the time, professional experience, and expertise required to perform our audit.

The proposed fee reflects the scale fee determined by PSAA and information on how the scale fee is set can be found on PSAA's website. Where an auditor is required to undertake substantially more or less work to deliver their responsibilities a fee variation may be proposed which is subject to approval by PSAA. Examples compiled by PSAA of circumstances that may trigger a fee variation are available on the PSAA [website](#).

Any threats to our independence arising from the provision of non-audit services and the associated safeguards we have identified and/ or put in place are set out on the in the 'Our independence' section of this report.

Nature of service	2025-26 proposed fee*	2024-25 actual fee
Statutory audit work to comply with the NAO Code of Audit Practice	£146,129	£142,149
Adjusted scale fee: • Planning and disclaiming accounts, including modified audit report • VFM	£115,000	£70,137
Fee for VFM risk of significant weaknesses	*	£7,820
Costs of dealing with public correspondence	*	£3,482
Total audit fees	£115,000*	£81,439

*Subject to adjustment and PSAA approval based on the outcome of audit procedures performed.

Our independence

We are committed to independence and confirm that we comply with the FRC's Revised Ethical Standard. In addition, we have set out in this section any matters or relationships that we believe may have a bearing on our independence or the objectivity of our audit team.

Based on the information provided by you and our own internal procedures to safeguard our independence as auditors, we confirm that, in our professional judgement, there are no relationships between us and any of our related or subsidiary entities, and you and your related entities, that create any unacceptable threats to our independence within the context of the regulatory or professional requirements governing us as your auditors.

We have policies and procedures in place that are designed to ensure that we carry out our work with integrity, objectivity, and independence. These policies include:

- All partners and staff are required to complete an annual independence declaration and complete annual ethics training,
- All new partners and staff are required to complete an independence confirmation,
- Rotation policies covering audit engagement partners and other key members of the audit team, and
- Use by managers and partners of our client and engagement acceptance system, which requires all non-audit services to be approved in advance by the audit engagement partner.

We confirm, as at the date of this report, that Forvis Mazars LLP, the engagement team and others in the firm as appropriate, are independent and comply with relevant ethical and independence requirements. However, if at any time you have concerns or questions about our integrity, objectivity, or independence, please discuss these with me in the first instance.

We have not identified any threats to our independence in connection with the services we have provided to the Council . As indicated on the previous slide, we do not anticipate that we will be providing any non-audit services in the current audit period. We will update our independence assessment if this changes and inform you of the outcome as part of subsequent reporting to you.

Value for money

The framework for Value for money work

We are required to form a view as to whether the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The NAO issues guidance to auditors that underpins the work we are required to carry out in order to form our view and sets out the overall criterion and sub-criteria that we are required to consider.

We undertake our VFM work in accordance with the 2024 Code of Audit Practice (the Code). Our responsibility, under the Code, is to be satisfied that the Council has proper arrangements in place, and to report in the auditor’s report where we are not satisfied that arrangements are in place. Where we have issued a recommendation in relation to a significant weaknesses this indicates we are not satisfied that arrangements are in place. Separately we provide a commentary on the Council’s arrangements in the Auditor’s Annual Report.

Specified reporting criteria

The Code requires us to structure our commentary to report under three specified criteria:

- 1. **Financial sustainability** – how the Council plans and manages its resources to ensure it can continue to deliver its services;
- 2. **Governance** – how the Council ensures that it makes informed decisions and properly manages its risks; and
- 3. **Improving economy, efficiency and effectiveness** – how the Council uses information about its costs and performance to improve the way it manages and delivers its services.

Our approach

Our work falls into three primary phases as outlined opposite. We gather sufficient evidence to support our commentary on the Council ’s arrangements and to identify and report on any significant weaknesses in arrangements. Where significant weaknesses are identified, we are required to report these to the Council and make recommendations for improvement. Such recommendations can be made at any point during the audit cycle, and we are not expected to wait until issuing our overall commentary to do so.

Planning	Obtaining an understanding of the Council’s arrangements for each specified reporting criteria. Relevant information sources will include: • NAO guidance and supporting information • Information from internal and external sources including regulators • Knowledge from previous audits and other audit work undertaken in the year • Interviews and discussions with staff and members
Additional risk- based procedures and evaluation	Where our planning work identifies risks of significant weaknesses, we will undertake additional procedures to determine whether there is a significant weakness.
Reporting	We will provide a summary of the work we have undertaken and our judgements against each of the specified reporting criteria as part of our commentary on arrangements which forms part of the Auditor’s Annual Report. Our commentary will also highlight: • Significant weaknesses identified and our recommendations for improvement; and • Emerging issues or other matters that do not represent significant weaknesses but still require attention from the Council

Appendix A: Other communications

Audit scope and approach

Audit scope

Our audit approach is designed to provide an audit that complies with all professional requirements. Our audit of the financial statements will be conducted in accordance with International Standards on Auditing (UK), relevant ethical and professional standards, our own audit methodology, and in accordance with the terms of our engagement. Our work is focused on those aspects of your business which we consider to have a higher risk of material misstatement, such as those impacted by management judgement and estimation, application of new accounting standards, changes of accounting policy, changes to operations, or areas found to contain material errors in the past.

Audit approach

Our audit approach is risk-based, and the nature, extent, and timing of our audit procedures are driven primarily by the areas of the financial statements we consider to be more susceptible to material misstatement. Following our risk assessment where we assess inherent risk factors (subjectivity, complexity, uncertainty, change and susceptibility to misstatement due to management bias or fraud), we develop our audit strategy and design audit procedures to respond to the risks we identify.

If we conclude that appropriately designed controls are in place, we may plan to test and rely on those controls. If we decide controls are not appropriately designed, or if we decide that it would be more efficient, we may take a wholly substantive approach to our audit testing if, in our professional judgement, substantive procedures alone will provide sufficient appropriate audit evidence.

Substantive procedures are audit procedures designed to detect material misstatements at the assertion level and comprise tests of detail (of classes of transaction, account balances, and disclosures), and substantive analytical procedures. Irrespective of our assessed risks of material misstatement, which takes account of our evaluation of the operating effectiveness of controls, we are required by UK auditing standards to design and perform substantive procedures for each material class of transaction, account balance, and disclosure.

Our audit has been planned and will be performed to provide reasonable assurance that the financial statements are free from material misstatement and give a true and fair view. The concept of materiality and how we define a misstatement is explained in the '*Materiality*' section of this report.

Appendix A: Other communications

Responsibilities

We are appointed to perform the external audit of Gedling Borough Council (the Council) for the year to 31 March 2026. The scope of our engagement is set out in the Statement of Responsibilities of Auditors and Audited Bodies, issued by Public Sector Audit Appointments Ltd (PSAA) available from the PSAA website: [Statement of responsibilities of auditors and audited bodies from 2023/24](#). Our responsibilities are principally derived from the Local Audit and Accountability Act 2014 (the 2014 Act) and the Code of Audit Practice issued by the National Audit Office (NAO), as outlined below.

Audit opinion

We are responsible for forming and expressing an opinion on whether the financial statements are prepared, in all material respects, in accordance with the CIPFA Code of Practice on Local Authority Accounting.

Our audit does not relieve management or Audit Committee, as those charged with governance, of their responsibilities.

The s151 Officer is responsible for the assessment of Gedling Borough Council's ability to continue as a going concern. As auditors, we are required to obtain sufficient, appropriate audit evidence regarding, and conclude on:

- a) whether a material uncertainty related to going concern exists, and
- b) the appropriateness of the s151 Officer's use of the going concern basis of accounting in the preparation of the financial statements.

Internal control

Management is responsible for such internal control as they determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

We are responsible for obtaining an understanding of internal control relevant to our audit and the preparation of the financial statements to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gedling Borough Council's internal control.

Fraud

The responsibility for safeguarding assets and for the prevention and detection of fraud, error, and non-compliance with law or regulations rests with both you and management. This includes establishing and maintaining internal controls over asset protection, compliance with relevant laws and regulations, and the reliability of financial reporting.

As part of our audit procedures in relation to fraud, we are required to inquire of you, key management personnel and internal audit, on their knowledge of instances of fraud, and their views on the risks of fraud and on internal controls that mitigate those risks.

In accordance with International Standards on Auditing (UK), we plan and perform our audit to obtain reasonable assurance that the financial statements taken as a whole are free from material misstatement, whether due to fraud or error. However, our audit should not be relied upon to identify all such misstatements.

Wider reporting and electors' rights

The 2014 Act requires us to give an elector, or any representative of the elector, the opportunity to question us about the accounts of the Council and consider objections made to the accounts. We also have a broad range of reporting responsibilities and powers that are unique to the audit of local authorities in the United Kingdom.

We also report to the NAO on the consistency of the Council's financial statements with its Whole of Government Accounts (WGA) submission.

Value for money

We are also responsible for forming a view on the arrangements that the Council has in place to secure economy, efficiency and effectiveness in its use of resources. We discuss our approach to Value for Money work further in the 'Value for Money' section of this report.

Appendix A: Other communications

Required communications

This section of our report sets out the matters that we are required to report to you by UK auditing standards, including which form of our communications satisfy, or will satisfy, those requirements.

Required communication	Where addressed
Our responsibilities in relation to our audit of the company’s financial statement and the responsibilities of management and those charged with governance.	Audit Strategy Memorandum and engagement letter
The planned scope and timing of our audit, including any limitations (specifically with respect to significant risks and key audit matters, if applicable).	Audit Strategy Memorandum
With respect to misstatements: • Uncorrected misstatements and their effect on our audit opinion, • The effect of uncorrected misstatements related to prior periods, • A request that any uncorrected misstatement is corrected, and • In writing, corrected misstatements that are significant.	Audit Completion Report
With respect to fraud communications: • Inquiries with you to determine whether you have knowledge of any actual, suspected, or alleged fraud affecting the company, • Any fraud that we have identified or information we have obtained that indicates that fraud may exist, and • A discussion of any other matters related to fraud.	Audit Completion Report and discussion at Audit Committee meeting(s), audit planning meeting(s), and audit clearance meeting(s)
Significant matters arising during our audit in connection with the entity’s related parties including, when applicable: • Non-disclosure by management, • Inappropriate authorisation and approval of transactions, • Disagreement over disclosures, • Non-compliance with laws and regulations, and • Difficulty in identifying the party that ultimately controls the entity.	Audit Completion Report

Appendix A: Other communications

Required communications

Required communication	Where addressed
Significant findings from our audit, including: • Our view about the significant qualitative aspects of accounting practices, including accounting policies, accounting estimates, and financial statement disclosures, • Significant difficulties, if any, encountered during our audit, • Significant matters, if any, arising from our audit that were discussed with management or were the subject of correspondence with management, • Written representations that we are seeking, • Expected modifications to our auditor's report, and • Other matters, if any, significant to the oversight of the financial reporting process or otherwise identified during our audit that we believe are relevant to those charged with governance in the context of fulfilling their responsibilities.	Audit Completion Report
Significant deficiencies in internal controls identified during our audit.	Audit Completion Report
Where relevant, any issues identified with respect to authority to obtain external confirmations or inability to obtain relevant and reliable audit evidence from other procedures.	Audit Completion Report
Audit findings regarding non-compliance with laws and regulations where the non-compliance is material and believed to be intentional (subject to compliance with legislation on tipping off) and inquiry of you into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements that you may be aware of.	Audit Completion Report and Audit Committee meeting(s)
With respect to going concern, events or conditions identified that may cast significant doubt on the company's ability to continue as a going concern, including: • Whether the event or condition constitutes a material uncertainty, • Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements, and • The adequacy of related disclosures in the financial statements.	Audit Completion Report

Appendix A: Other communications

Required communications

Required communication	Where addressed
Communication regarding our system of quality management, compliant with ISQM (UK) 1, developed to support the consistent performance of quality audit engagements. To address the requirements of ISQM (UK) 1, our firm’s system of quality management team completes, as part of an ongoing and iterative process, key steps to assess and conclude on our firm’s system of quality management, including: • Ensuring there is an appropriate assignment of responsibilities, • Establishing and reviewing quality objectives each year, ensuring our firm’s quality objectives align with our strategies and priorities, • Identifying, reviewing, and updating quality risks each quarter, taking into consideration multiple input sources (such as FRC/ ICAEW review findings, internal monitoring findings, findings from our firm’s root cause analysis and remediation functions, etc.), • Identifying, designing, and implementing responses to strengthen our firm's internal control environment and overall quality, and • Evaluating our quality responses and remediating control gaps or deficiencies. We perform an evaluation of our system of quality management on an annual basis. We publish the details of our annual evaluation, and our conclusion, in our Transparency Report, which can be accessed on our website at: https://www.forvismazars.com/uk/en/who-we-are/corporate-publications/transparency-reports.	Audit Strategy Memorandum (the communication adjacent satisfies this requirement)
We are required to communicate certain matters to you which include, but are not limited to, significant difficulties, if any, that are encountered during our audit. Such difficulties may include: • Significant delays in management providing information that we require to perform our audit. • An unnecessarily brief time within which to complete our audit. • Extensive and unexpected effort to obtain sufficient, appropriate audit evidence. • Unavailability of expected information. • Restrictions imposed on us by management. • Unwillingness by management to make or extend their assessment of the company’s ability to continue as a going concern when requested. We will highlight to you on a timely basis should we encounter any such difficulties (if our audit process is unduly impeded, this could require us to issue a modified auditor’s report).	Audit Completion Report, discussion at Audit Committee meeting(s), and audit clearance meeting(s)

Appendix A: Other communications

Definitions

Term	Definition
Materiality	An expression of the relative significance or importance of a particular matter in the context of the financial statements as a whole. Misstatements in the financial statements are considered to be material if they could, individually or in aggregate, reasonably be expected to influence the economic decisions of users based on the financial statements. We determine materiality for the financial statements as a whole (overall materiality) using a benchmark that, in our professional judgement, is most appropriate to the company. We also determine an amount less than materiality (performance materiality), which is applied when we carry out our audit procedures and is designed to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds overall materiality. Further, we set a threshold above which all misstatements we identify during our audit (adjusted and unadjusted) will be reported to you (reporting threshold). Judgements on materiality are made in light of surrounding circumstances and are affected by the size and nature of a misstatement, or a combination of both. Judgements about materiality are based on a consideration of the common financial information needs of users as a group and not on specific individual users. An assessment of what is material is a matter of professional judgement and is affected by our perception of the financial information needs of the users of the financial statements. In making our assessment we assume that users: • Have a reasonable knowledge of business, economic activities, and accounts, • Have a willingness to study the information in the financial statements with reasonable diligence, • Understand that financial statements are prepared, presented, and audited to levels of materiality, • Recognise the uncertainties inherent in the measurement of amounts based on the use of estimates, judgement, and consideration of future events, and • Will make reasonable economic decisions based on the information in the financial statements. We consider overall materiality and performance materiality while planning and performing our audit based on quantitative and qualitative factors. When planning our audit, we make judgements about the size of misstatements we consider to be material. This provide a basis for our risk assessment procedures, including identifying and assessing the risks of material misstatement, and determining the nature, timing and extent of our responses to those risks. We revise materiality as our audit progresses should we become aware of information that would have caused us to determine a different amount had we been aware of that information at the planning stage. The overall materiality and performance materiality that we determine does not necessarily mean that uncorrected misstatements that are below materiality, individually or in aggregate, will be considered immaterial.

Appendix A: Other communications

Definitions

Term	Definition
Significant risk	A risk that is assessed as being at or close to the upper end of the spectrum of inherent risk, based on a combination of the likelihood of a misstatement occurring and the magnitude of any potential misstatement. A fraud risk is always assessed as a significant risk (as required by UK auditing standards), including management override of controls and revenue recognition.
Enhanced risk	An area with an elevated risk of material misstatement at the assertion level, other than a significant risk, based on factors/ information inherent to that area. Enhanced risks require additional consideration but do not rise to the level of a significant risk. These include but are not limited to: • Key areas of management judgement and estimation uncertainty, including accounting estimates related to material classes of transaction, account balances, and disclosures but which are not considered to give rise to a significant risk of material misstatement, and • Risks relating to other assertions and arising from significant events or transactions that occurred during the period.
Standard risk	A risk related to assertions over classes of transaction, account balances, and disclosures that are relatively routine, non-complex, tend to be subject to systematic processing, and require little or no management judgement/ estimation. Although it is considered that there is a risk of material misstatement, there are no elevated or special factors related to the nature of the financial statement area, the likely magnitude of potential misstatements, or the likelihood of a risk occurring.
Key audit matter	A matter that, in our professional judgment, was of most significance in our audit of the financial statements of the current period. Key audit matters include the most significant assessed risks of material misstatement (whether due to fraud or error) we identified, including those which had the greatest effect on our overall audit strategy, the allocation of resources in our audit, and directing the efforts of our engagement team. It is important that you understand and have the opportunity to discuss with us why something is being communicated as a key audit matter and the way it is described. This report highlights which of the significant and other risks are expected, at this stage, to be determined as key audit matters. It should be noted, however, that other audit areas may be determined as key audit matters during our audit.

Appendix A: Other communications

Definitions

Term	Definition
Key audit partner	(a) An individual who is eligible for appointment as a statutory auditor and who is designated by our firm for a particular audit engagement as being primarily responsible for carrying out the statutory audit on behalf of our firm. (b) In the case of a group audit, any of the following: (i) an individual who is eligible for appointment as a statutory auditor and who is designated by our firm as being primarily responsible for carrying out the statutory audit of the consolidated accounts of the group on behalf of our firm; (ii) an individual who is eligible to conduct the audit of the accounts of any subsidiary undertaking determined by us to be a ‘material subsidiary’ and who is designated as being primarily responsible for that audit. (c) An individual who is eligible for an appointment as a statutory auditor and who signs the audit report.

HM Treasury changes to non-investment asset valuation

Code of Practice on Local Authority Accounting in the United Kingdom 2025/26 (the “Code”)

Following a thematic review of non-current asset valuations for financial reporting in the public sector, HM Treasury has made a number of changes to its requirements for the valuation frequency, valuation methodology and classification of non-investment property assets. The changes are effective from 1 April 2025 as set out in the 2025-26 Code and include:

- A change to the requirements regarding revaluation frequency. Rather than adhering to paragraph 34 of IAS 16 which requires an asset to be revalued whenever its carrying value differs materially from its current value, entities will be required to revalue assets on a quinquennial basis, i.e. every five years, supplemented by annual indexation in the intervening years. This requirement can be adhered to either as part of a full revaluation or as part of a rolling programme. The Code requires bodies to use the best index available to them. Should management determine that there is no appropriate index to use, then the quinquennial valuation is supplemented by a valuation in the third year.
- Revaluations carried out prior to 2025/26, in line with former requirements of the Code, remain valid throughout the transition period (being 1 April 2025 to the date the next revaluation is due for a given asset). During the transition period, the maximum period between revaluations must not exceed five years.
- The requirement to consider indicators of impairment under IAS 36 remains, so management will still be required to undertake an annual assessment of whether there are indicators of impairment, and where these are present, it may be necessary to undertake valuations outside of the 5-yearly valuation programme.

Whilst management will no longer need to consider annually whether it is necessary to revalue non-investment assets, they will need to be satisfied that they have appointed a suitably qualified valuer to undertake the valuation of assets whenever they fall due either as part of a full valuation or a rolling programme. If local indices are used, management will need to have sufficient evidence to demonstrate these indices are appropriate and relevant to the entity’s circumstances, and to provide this evidence to the auditor.

Appendix B: Current year updates, forthcoming accounting & other issues

Effective for accounting periods beginning on or after 1 January 2027

IFRS 18 Presentation and Disclosure in Financial Statements

The standard was UK-adopted in December 2025, and the date of incorporation into the Code is not confirmed, though expected to be within the 2028/29 financial year. It is not yet confirmed what interpretations and adaptations HMT will determine are necessary for implementation in the public sector. We have provided an outline of the main changes arising from IFRS 18 as unadapted and without interpretation and will provide an update on the expected impact on the Gedling Borough Council as and when detail is available as to when and how the standard is incorporated into the Code.

IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) is a new standard that replaces IAS 1 Presentation of Financial Statements. The new standard aims to increase the comparability, transparency and usefulness of information about companies' financial performance. It introduces three key new requirements focusing on the presentation of information in the statement of profit or loss and enhancing certain guidance on disclosures within the financial statements.

New categories and subtotals for inclusion within the statement of profit or loss

- Income and expenses are to be classified into three new defined categories: operating, investing and financing, in addition to the income taxes and discontinued operations categories.
- All companies are to present new defined subtotals – operating profit and loss, and profit or loss before financing and income taxes.

New reporting requirements on Management Performance Measures (MPMs)

- New requirements are introduced for management-defined performance measures (MPMs), which may also be called Alternative Performance Measures (APMs). These are described as subtotals of income and expenses that an entity: (a) uses in public communications outside financial statements; (b) uses to communicate to users of financial statements management's view of an aspect of the financial performance; and (c) are not listed within IFRS 18 or specifically required to be presented or disclosed by another IFRS Accounting Standard.
- All MPMs are required to be disclosed in a single note in the financial statements setting out:
 - an explanation of why the MPM is reported, and
 - a reconciliation to a directly comparable GAAP measure within IFRS 18 or another IFRS Accounting Standard.

Enhanced requirements for aggregation & disaggregating information

- Enhanced requirements are set out for the aggregation and disaggregation of items based on similar and dissimilar characteristics. Items that have dissimilar characteristics must be disaggregated when the resulting information is material. Guidance is also included on how to describe items within the financial statements, requiring an entity to label items presented or disclosed as 'other' only if a more informative label cannot be found.
- New guidance is provided on whether information should be reported in the primary financial statements or the notes. This includes guidance on presentation and disclosure of expenses classified in the operating category, alongside introducing more prescribed requirements for an entity that classifies expenses by function as well as the requirement to disclose expenses by nature in a single note for certain amounts - depreciation, amortisation, employee benefits, impairment and write-downs of inventories

Many principles and requirements have been brought forward from IAS 1 to IFRS 18 such as frequency of reporting, comparative information, offsetting, capital disclosures and the requirements for the statement of financial position and for the statement of changes in equity.
